Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, South Dakota districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the South Dakota State Department of Health.

This information is current as of the Campus.2427 (July 2024) release.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) article.

Read - View existing vaccines.

Write - Edit existing vaccines.

Add - Add new vaccines.

Delete - Delete vaccines.

Read rights allow full access to Vaccines for states with hard-coded vaccine rules.

For more information about Tool Rights and how they function, see this [Tool Rights](#) article.

General Compliance

- Vaccine doses administered less than or equal to 4 days before the minimum interval or age shall be counted as valid.
- Doses administered 5 days earlier than the minimum interval or age shall not be counted as valid doses and must be repeated when age-appropriate.
