and other food service reports.

## Report Logic

- Journals print with addresses from Census > Household > Addresses. The patron must also have a Mailing Relationship indicated on the Census > People > Relationships > Primary Household Relationships.
- Family accounts only print one report per mailing address with all patrons listed, according to the selected criteria.
- Campus prints statements without address information for the following:
  - Patrons without any mailing address selected.
  - Patrons without any relationships selected for mailing.
- Campus prints statements for each address when multiple mailing addresses are selected for a single patron.
