SAT PreID (Ohio)

Last Modified on 10/21/2024 8:21 am CDT

Report Logic | Generating the Extract | Extract Layout

The SAT PreID extract generates PreIDs for students taking the SAT assessment or a PSAT assessment. All 11th grade students in Ohio are required to take the SAT test.

Report Logic

Students report based on the most recent enrollment within the date range with a Service Type of P or N. Enrollments marked as No Show or Exclude and Grade Levels or Calendars marked as Exclude do not report.

Generating the Extract

1. Enter the **Date Range** in *mmddyy* format or by clicking the calendar icons and selecting dates.
2. Select which calendar(s) to include within the extract.
3. Select a **Test Indicator** to indicate which SAT or PSAT assessment to report.
4. Select the **Format** of the generated report. For submission to the State, select the State Format (CSV), or select HTML to review data prior to submission.
5. Select an **Ad hoc Filter,** if applicable.

6. Indicate if the extract should **Include Protected Identity Info**.
7. Click the **Generate Extract** button to generate the report in the indicated format or **Submit to Batch** to schedule when the report will generate.

Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
