Tool Search: Campus Learning Usage

The Campus Learning Usage tool tracks how staff are using tools in the Campus Learning offerings. Filter results by selecting a School and Calendar in the Campus Toolbar or view usage for the entire district.

Totals for the School or District are shown in the top table, with totals for individual teachers in the second table.

The screenshot shows the 'Campus Learning Usage' tool interface. At the top, there is a navigation bar with icons for three, a search bar, the Infinite Campus logo, the school name '23-24 Harrison High', and various settings. Below the navigation bar, the title 'Campus Learning Usage ☆' is displayed, along with a breadcrumb trail: 'Instruction > Settings > Campus Learning Usage'. The interface is divided into two main sections: 'Total 23-24 School Year Counts' and '23-24 School Year Teacher Counts'. The first section contains a table with columns for 'Assignments' (2,837), 'Grading Services' (0), and 'Curriculum Content' (Summary and Student Notes: 1260, Teacher Notes: 1,068, Campus File Attachment: 242, Google Drive File Attachment: 136). The second section contains a table for teachers, with rows for Lifelearn, Brian; Backes, Pearce; and Teacherson, Katie. Each teacher row includes columns for 'Teacher' (with a sort arrow), 'Assignments' (340, 330, 256), 'Grading Services' (0, 0, 0), and 'Curriculum Content' (Summary and Student Notes: 100, 320, 103, Teacher Notes: 132, 17, 124, Campus File Attachment: 1, 8, 1).

| Total 23-24 School Year Counts | | Curriculum Content | | | | |
|----------------------------------|------------------|---------------------------|---------------------------|------------------------|------------------------------|---|
| Assignments | Grading Services | Summary and Student Notes | Teacher Notes | Campus File Attachment | Google Drive File Attachment | |
| 2,837 | 0 | 1260 | 1,068 | 242 | 136 | |
| < > | | | | | | |
| 23-24 School Year Teacher Counts | | Filter Teachers | Export to CSV | | | |
| Teacher | Assignments | Grading Services | Summary and Student Notes | Teacher Notes | Campus File Attachment | |
| Lifelearn, Brian | 340 | 0 | 100 | 132 | 1 | 1 |
| Backes, Pearce | 330 | 0 | 320 | 17 | 8 | 8 |
| Teacherson, Katie | 256 | 0 | 103 | 124 | 1 | 1 |

The Campus Learning Usage tool provides totals for school staff using Campus Learning features.

See the [Instruction Settings Tool Rights](#) article for more information.

Column Definitions

Counts are provided for the following features, which are also described in the Column Definitions link:

| Feature | Description |
|-------------|----------------------------------|
| Assignments | A base count of all assignments. |

| Feature | Description |
|-------------------------------------|---|
| Grading Services | Assignments received from an 3rd party learning management system (LMS) through a Digital Learning Partner connection to the OneRoster API . |
| Curriculum Content | Files attached to assignments. |
| Summary and Student Notes | Assignments that have content in the Summary and Notes fields, which are visible in student and parent views. |
| Teacher Notes | Assignments that have content in the Teacher Notes field, which is visible only to teachers when looking at the assignment. |
| Campus File Attachment | Assignments with a file attached that is stored in the Campus Digital Repository (CDR). This field counts both files attached in For Students to be accessible in student views and those attached in For Teachers, which are only visible in the assignment. |
| Google Drive File Attachment | Assignments with a google drive file attached. This field counts both files attached in For Students to be accessible in student views and those attached in For Teachers, which are only visible in the assignment. |
| Student Submission | Enabled options allowing students to submit responses. |
| File Attachment | Assignments set up to accept student responses via files stored in the CDR. |
| Text Editor | Assignments set up to receive student responses via a text editor. |
| Google Drive | Assignments set up to receive student responses via google drive files. |
| Quick Assessment | Assignments that include Quick Assessments . |

Data Analysis Options

The Teacher Counts table can be sorted numerically by any of the feature columns.

Click **Filter Teachers** to add a search field to the top of the list.

Click **Export to CSV** to export the table as currently displayed as a CSV file, to be viewed using a program such as Excel.
