Tool Search: Athletics

The Athletics tool provides for tracking athlete eligibility. The information on this report can be used by the district or school to create an ad hoc report to review data on students involved in sports or other activities. Information is not reported by a state-regulated report or Campus-provided report.

<b>Physical End Date</b>	Indicates when the physical becomes inactive.	ath.physicalEndDate
<b>Transportation Permission</b>	Selection indicates the student does or does not have on file with the school permission to be transported via district-owned vehicles.	ath.transportationPermission
<b>Emergency Card</b>	Selection indicates the student does or does not have on file with the school an emergency card.	ath.emergencyCard
<b>Parent Consent</b>	Selection indicates the parent/guardian has given permission to the student to be involved in athletic programming.	ath.parentConsent

Data Element	Definition	Ad hoc Fields
<b>Student Contract</b>	Selection indicates the student has signed a contract provided by the school/district.	ath.studentContract
<b>Insurance Waiver</b>	Selection indicates the parent/guardian has provided insurance information to the school for participation in athletic programming.	ath.insuranceWaiver
<b>Comments</b>	Text field available for entry of additional information about the data on this tool.	ath.comments

## Add Information to Student Athletics

Additional options and fields may exist on the Athletics tool.

1. Enter the student's **Physical (Start) Date** and the **Physical End Date** to express when the student's current medical physical will expire. Dates are entered in *mmdyy* format or use the calendar icon to select a date.
2. Select from the dropdown lists, either Yes or No (or other district possibility), for the following fields: Transportation Permission, Emergency Card, Parent Contact, Student Contract and Insurance Waiver.
3. Enter any **Comments** for this student's athletic record.
4. Click the **Save** icon when finished. The information will be saved and displayed on this tool.

When entering a Physical End Date, the end date must be after the Physical (Start) Date. If it is not, a warning message will appear and entered data cannot be saved until it is corrected.

*End Date vs. Start Date*
