## Report Logic

Each day reports a starting and ending enrollment total for males, females, and combined.

Totals for each day only display for days where there is an enrollment or a withdrawal.

A record reports for students with any enrollment Service Type:

- P = Primary
- S= Secondary
- N= Special Education

If there are multiple calendars in the same school, only Primary enrollments report.

If a student has multiple enrollments in the same school with different schedules, the Gain and Loss are reported ONCE EACH because both schedules are part of the same calendar.

If a student is enrolled and withdrawn on the same day, a Gain AND a Loss report.

The following logic describes how students that enroll / withdraw are counted on instructional and non-instructional days.

Status	Day	Result
Enrolled	Instructional	GAIN
Enrolled	Non-Instructional	GAIN (NI)
Withdrawn	Instructional	LOSS
Withdrawn	Non-Instructional	LOSS (NI)
