The Individual Education Plan is used to capture student special education plan information and match the required documentation provided by the state of Pennsylvania. This document describes each editor, the section(s) of the print format that include the entered information, a description of each field on the editor, and any special considerations and instructions. For information on general functionality, navigation, and additional plan and evaluation features, see the core [Plan and Evaluation Information](#) article.

The current print format of this document is the **PA IEP 2025**. Plan formats are selected in [Plan Types](#).

## Enrollment Information

The Enrollment Information editor reports Special Education information from the student's Enrollment.

When the most recent locked Evaluation for the student was created using the classic Campus style, the **Refresh** button retrieves information from the student's Enrollment record. When the most recent locked Evaluation for the student was created using the updated Campus style, the **Refresh** button retrieves the Eligibility Date(s) and Disability information from the Evaluation. All other fields still pull from the Enrollment record.

Enrollment Information Editor 2 of 22

Click Refresh to retrieve a new copy of data from a selected Enrollment record.  
Information entered into this editor will modify the student's current Enrollment record when the plan is locked.

## IEP Team/Signatures

The IEP Team/Signatures editor contains the Procedural Safeguards Notice and IEP Meeting Waiver sections.

This editor is often filled out and electronically signed by the student's parent/guardian. In order to send the plan for eSignature, this editor must be placed in the status **Complete Pending**

**eSignature OR Not Needed.** See the [Pennsylvania Plan eSignature Editors](#) process article for additional information.

---

**IEP Meeting Waiver**

The Pennsylvania Special Education Regulations and Standards (22 PA Code §14.124(d)) state that parents are to be provided with a copy of the multidisciplinary evaluation at least 10 days prior to the meeting of the IEP Team so that they may have time to review the report. Parents may choose to waive this time period and proceed to the IEP meeting to discuss the determination of exceptionality and IEP development.

As parents/guardians of MOHAMMAD AAHIL I/we request that this time period be waived.

Yes, waive this time period  
 No, do not waive this time period

## Special Considerations

The Special Considerations editor describes other factors that may affect the student's progress, including behavioral issues, limited English proficiency, visual or hearing impairment, communication needs, or assistive technology.

Special Considerations IN PROGRESS

Editor 7 of 21

Special Considerations the IEP Team must consider before developing the IEP. Any factors checked as **yes** must be addressed in the IEP.

**Is the student blind or visually impaired?\***

If yes, the IEP must include a description of the instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.

Yes ▾

**Is the student deaf or hard of hearing?\***

If yes, the IEP must include a communication plan to address the following: language and communication needs; opportunities for direct communications with peers and professional personnel in the student's language and communication mode; academic level; full range of needs, including opportunities for direct instruction in the student's language and communication mode; and assistive technology devices and services. Indicate in which section of the IEP these considerations are addressed. The Communication Plan must be completed and is available at [www.pattan.net](http://www.pattan.net).

Yes ▾

**Does the student have communication needs?\***

If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction (SDI), annual goals, etc.)

Yes ▾

**Does the student need assistive technology devices and/or services?\***

If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction, annual goals, etc.)

Yes ▾

**Does the student have limited English proficiency?\***

If yes, the IEP team must address the student's language needs and how those needs relate to the IEP.

Yes ▾

**Does the student exhibit behaviors that impede his/her learning or that of others?\***

If yes, the IEP team must develop a Positive Behavior Support Plan that is based on a functional assessment of behavior and that utilizes positive behavior techniques. Results of the functional assessment of behavior may be listed in the Present Levels section of the IEP with a clear measurable plan to address the behavior in the Goals and Specially Designed Instruction sections of the IEP or in the Positive Behavior Support Plan if this is a separate document that is attached to the IEP. A Positive Behavior Support Plan and a Functional Behavioral Assessment form are available at [www.pattan.net](http://www.pattan.net).

## Communication Plan

The Communication Plan editor is used to document the student's communication needs.

This editor is available and required when the **Is this student deaf or hard of hearing?** question on the Special Considerations editor is marked as Yes.

Communication Plan Contributors IN PROGRESS Editor 7 of 22

**COMMUNICATION PLAN FOR A STUDENT WHO IS DEAF/HARD OF HEARING OR DEAF-BLIND**

The primary purpose of the Communication Plan is to establish discussion among IEP team members who review the student's needs based on communication skills and access. It is to be used to complete other sections of the IEP, including accommodations, appropriate specially designed instruction, and IEP goals. Therefore, the Communication Plan must be completed prior to the development of the IEP.

## Educational Placement

The Educational Placement editor identifies the extent of the student's participation in general education alongside non-disabled, same age peers.

Educational Placement NOT STARTED
Editor 16 of 21

**A. Questions for IEP Team**

The following questions must be reviewed and discussed by the IEP team prior to providing the explanations regarding participation with student without disabilities.

It is the responsibility of each public agency to ensure that to the maximum extent appropriate students with disabilities, including those in public or private institutions or other care facilities are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services, cannot be achieved satisfactorily.

- What supplementary aids and services were considered? What supplementary aids and services were rejected? Explain why the supplementary aids and services will or will not enable the student to make progress on the goals and objectives (if applicable) in the IEP in the general education class.
- What benefits are provided in the general education class with supplementary aids and services versus the benefits provided in the special education class?
- What potentially beneficial effects and/or harmful effects might be expected on the student with disabilities or the other students in the class, even with supplementary aids and services?
- To what extent, if any, will the student participate with nondisabled peers in extracurricular activities or other nonacademic activities?

Explanation of the extent, if any, to which the student will not participate with students without disabilities in the regular education class:
