The Individual Education Plan is used to capture student special education plan information and match the required documentation provided by the state of Pennsylvania. This document describes each editor, the section(s) of the print format that include the entered information, a description of each field on the editor, and any special considerations and instructions.

The current print format of this document is the **PA IEP 2023**. Plan formats are selected in [Plan Types](#).

Editor Home

The Editor Home lists the editors available, their status, and Modification and Completion information.

Header	Description
Name	The name of the editor.

Header	Description
Status	<p>The state of the editor. Statuses can be:</p> <ul style="list-style-type: none"> • In Progress indicates a user has entered and saved data in that editor. • Not Started is the default status for all editors. • Complete indicates a user has clicked the Complete button on the editor, and the editor is read-only. This does not lock the editor from further editing but indicates the user considers the editor finished. • Not Needed indicates a user has clicked the Not Needed button on the editor. This is usually done for editors that do not apply to the student. <p>The following statuses are only available for certain state-specific documents:</p> <ul style="list-style-type: none"> • ESign indicates that the editor has functionality related to the eSignature process. See the Nevada Individual Education Plan eSignature Process or Delaware Special Ed Plan eSignature Process articles for additional information. • Complete Pending eSignature indicates the plan has been entered and sent via the Campus Parent portal to the student's guardian for eSignature.
Modified By	The date and the user by whom the editor was last edited.
Completed By	The date and the user who clicked the Complete button for that editor.

General Information

The following table lists the actions available for the editors. When resizing the window, certain buttons are condensed into a single **Action** button.

Button	Description
Save	<p>Different editors have different save options. Click the arrow next to the Save & Stay button to view all saving options for any given editor.</p> <ul style="list-style-type: none"> • Save captures progress and navigates the user to the Editor Home or to the List Screen for List editors. See the Editor Types section for additional information. • Save & Stay captures progress and keeps the user on the current editor. This save button is the default save option and is usually found within the detail screen or list editors, such as Goals and Objectives. • Save & Next captures progress and navigates the user to the next editor. • Save & New captures progress and creates a new record. This save button is usually found within the detail screen of a list editor, such as Goals and Objectives. See the Editor Type section for additional information.
Refresh	<p>Retrieves a new copy of data from the student's record. This includes enrollment, student, parent/guardian, and team member information. This also returns any accidentally deleted records. Manually entered fields do not change when the refresh button is clicked. The user must Save after clicking Refresh to capture changes.</p> <p>A side panel displays a listing of all the student's applicable enrollment records. See the Enrollments tool documentation for additional information.</p>

Button	Description
Cancel	Navigates the user to the Editor Home screen or the List Screen for List editors.
Status	<p>Changes the status of the editor.</p> <ul style="list-style-type: none"> • Complete indicates the editor is finished. This makes the editor read-only. However, this does not lock the editor from further editing. The user must click In Progress to further edit after an editor is marked Complete. • Not Needed indicates the editor does not apply to the student's plan or evaluation. This makes the editor read-only. However, this does not lock the editor from further editing. Click the In Progress button to further edit after an editor is marked Not Needed. • In Progress only displays when the editor is in the Complete or Not Needed status and allows additional edits to be made. <p>The following status is only available for the Nevada IEP:</p> <ul style="list-style-type: none"> • Complete Pending eSignature only displays for the Procedural Safeguards, IEP Implementation, and Medicaid Consent editors. This button marks the editor as complete until the parent/guardian electronically signs those sections of the plan via the Campus Parent Portal. See the Nevada Individual Education Plan eSignature Process or Delaware Special Ed Plan eSignature Process articles for additional information.
Print	Prints the entire document.
Editors	Opens a side panel listing all the available editors and their status. Select an editor from this list to navigate to that editor or click Close to collapse the side panel.
Previous	Navigates the user to the previous editor.
Next	Navigates the user to the next editor.

Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor is displayed. List editors display a list of all records within that editor. Clicking an existing record or the **New** button opens the detail view for an individual record.

Editor Lock Out and Release Logic

Only one user at a time can actively work on an editor. A person with a padlock icon () displays in the Editors side panel, Editor Home, and List Screen of list editors indicating which editors currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read-only for all other users. The name of the person working on the editor displays in the header.

To release an editor, the user must:

- navigate to the next editor by clicking **Save and Next** or the **Editors** button and selecting the

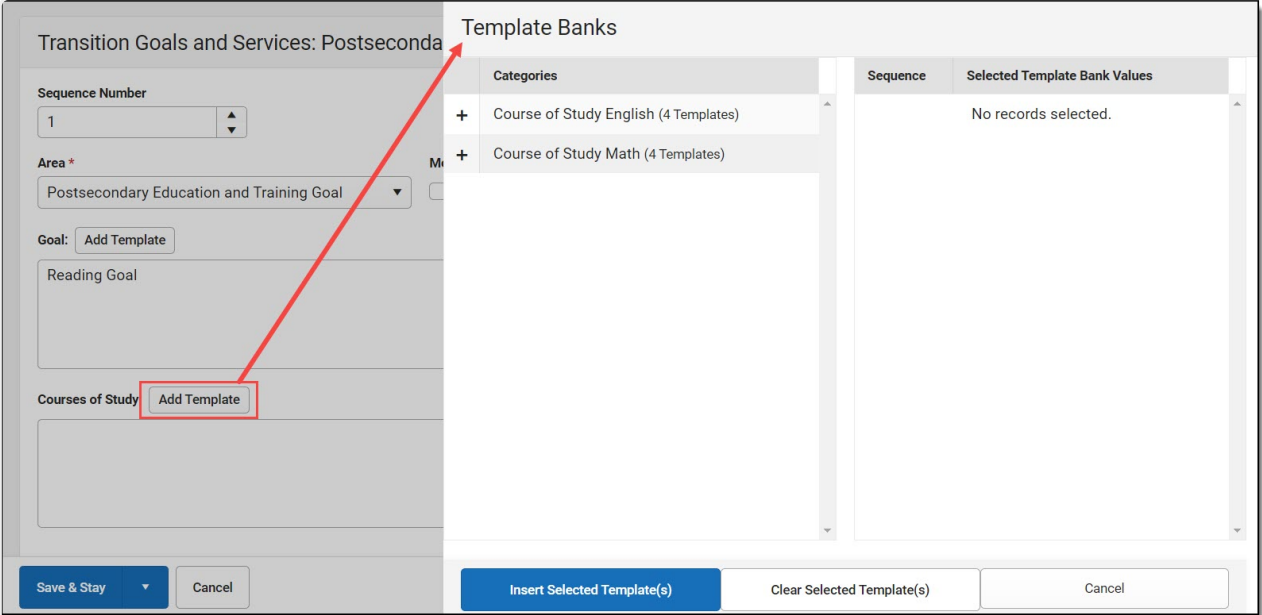

next editor from the side panel.

- click the **Cancel** button to return to the Editor Home screen.
- log out of the Campus application.
- navigate to a different tool in the Campus application.

Editors are automatically released when the in-application timeout limit has been exceeded. This is a back-end process and is usually around 30-60 minutes.

Template Banks

Certain fields within several editors have an **Add Template** icon that displays next to their name. Clicking this button displays a side panel with the available library of predetermined text for that field. [Template Banks](#) are managed in System Administration.

Enrollment Information

The Enrollment Information editor reports Special Education information from the student's Enrollment.

When the most recent locked Evaluation for the student was created using the classic Campus style, the **Refresh** button retrieves information from the student's Enrollment record. When the most recent locked Evaluation for the student was created using the updated Campus style, the **Refresh** button retrieves the Eligibility Date(s) and Disability information from the Evaluation. All other fields still pull from the Enrollment record.

Special Considerations

The Special Considerations editor describes other factors that may affect the student's progress, including behavioral issues, limited English proficiency, visual or hearing impairment, communication needs, or assistive technology.

Special Considerations IN PROGRESS
Editor 7 of 21

Special Considerations the IEP Team must consider before developing the IEP. Any factors checked as **yes** must be addressed in the IEP.

Is the student blind or visually impaired?*
 If yes, the IEP must include a description of the instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.

▼

Is the student deaf or hard of hearing?*
 If yes, the IEP must include a communication plan to address the following: language and communication needs; opportunities for direct communications with peers and professional personnel in the student's language and communication mode; academic level; full range of needs, including opportunities for direct instruction in the student's language and communication mode; and assistive technology devices and services. Indicate in which section of the IEP these considerations are addressed. The Communication Plan must be completed and is available at www.pattan.net.

▼

Does the student have communication needs?*
 If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction (SDI), annual goals, etc.)

▼

Does the student need assistive technology devices and/or services?*
 If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction, annual goals, etc.)

▼

Does the student have limited English proficiency?*
 If yes, the IEP team must address the student's language needs and how those needs relate to the IEP.

▼

Does the student exhibit behaviors that impede his/her learning or that of others?*
 If yes, the IEP team must develop a Positive Behavior Support Plan that is based on a functional assessment of behavior and that utilizes positive behavior techniques. Results of the functional assessment of behavior may be listed in the Present Levels section of the IEP with a clear measurable plan to address the behavior in the Goals and Specially Designed Instruction sections of the IEP or in the Positive Behavior Support Plan if this is a separate document that is attached to the IEP. A Positive Behavior Support Plan and a Functional Behavioral Assessment form are available at www.pattan.net.

COMMUNICATION PLAN FOR A STUDENT WHO IS DEAF/HARD OF HEARING OR DEAF-BLIND

The primary purpose of the Communication Plan is to establish discussion among IEP team members who review the student's needs based on communication skills and access. It is to be used to complete other sections of the IEP, including accommodations, appropriate specially designed instruction, and IEP goals. Therefore, the Communication Plan must be completed prior to the development of the IEP.

Educational Placement

The Educational Placement editor identifies the extent of the student's participation in general education alongside non-disabled, same age peers.

Educational Placement NOT STARTED

A. Questions for IEP Team

The following questions must be reviewed and discussed by the IEP team prior to providing the explanations regarding participation with student without disabilities.

It is the responsibility of each public agency to ensure that to the maximum extent appropriate students with disabilities, including those in public or private institutions or other care facilities are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services, cannot be achieved satisfactorily.

- What supplementary aids and services were considered? What supplementary aids and services were rejected? Explain why the supplementary aids and services will or will not enable the student to make progress on the goals and objectives (if applicable) in the IEP in the general education class.
- What benefits are provided in the general education class with supplementary aids and services versus the benefits provided in the special education class?
- What potentially beneficial effects and/or harmful effects might be expected on the student with disabilities or the other students in the class, even with supplementary aids and services?
- To what extent, if any, will the student participate with nondisabled peers in extracurricular activities or other nonacademic activities?

Explanation of the extent, if any, to which the student will not participate with students without disabilities in the regular education class:
