The Student Safety Data System (SSDS) collects and reports data regarding behavioral incidents to comply with state and federal reporting requirements.

Report Logic

Students in the selected calendar who meet the following criteria will report on the extract:

- The Event Date falls within the Reporting Period Start Date and Reporting Period End Date.
- The Behavior Role is Offender or Victim.
- Students with a 'Relationship to School' code of 01(regular education students) OR 02 (Students with Disability) AND who have either an ISS or OSS.
- Behavior Events with resolutions assigned.

SSDS Extract Editor Options

Data Element	Description
Reporting Period Start Date	The start date for the reporting period. Dates are entered in <i>mmddyy</i> format or can be selected using the calendar icon.
Reporting Period End Date	The end date for the reporting period. Dates are entered in <i>mmddyy</i> format or can be selected using the calendar icon.

Data Element	Description
Use Enrollment Programs	Program participation records are reported when the checkbox is NOT selected (the default). When the checkbox is marked, program fields on the enrollment record are taken into consideration.
Format	Determines how the request is generated: <ul style="list-style-type: none"> • State Format (CSV w/ header): Use when submitting the list to the state. • HTM: Use when reviewing data.
Select Calendar	At least one calendar must be selected for the extract to generate. Students in the chosen calendars are included in the extract.

Generate the Report

1. Enter a date in the **Reporting Period Start Date**.
2. Enter a date in the **Reporting Period End Date** (Defaults to the current day).
3. Select the **Use Enrollment Programs** checkbox if you want data to be considered from enrollment programs instead of the student's program participation records.
4. Select the report **Format**.
5. Select the **Calendar(s)** for the report.
6. Click the **Generate Extract** button. The report will be displayed in the selected format.
