District Defined Elements

Homeless Program

See the [Program Participation Tools Tool Rights](#) article to learn about rights needed to use this tool.

The Homeless tool is currently only available in certain states. Until the tool is available in your state, please continue to record homeless information on the Enrollment tool.

Enter/Modify Homeless Records

Available fields vary by state.

1. Click the **New** icon. A **Homeless Detail** editor displays.
2. Enter the appropriate option for the student's **Homeless/Primary Nighttime Residence**

field.

3. Select the value for the student's **Unaccompanied Youth** status.
4. If necessary, mark the **Homeless Served** checkbox.
5. Enter the **Start Date** for when the student became homeless.
6. Enter values for any necessary district defined fields.
7. Click the **Save** icon when finished. The new record displays in the Homeless Editor.

Records cannot have overlapping dates.

To modify a Homeless record, select it from the editor and enter the new information (end date, etc.).

When a student is no longer considered homeless, edit the record and enter an **End Date**. If a student's Homeless/Primary Nighttime Residence information changes, edit the existing record with the appropriate end date, then create a new homeless record with the new Homeless/Primary Nighttime Residence status.

If a record was entered in error, click the **Delete** icon to completely remove it.

Print Homeless Summary Report

Click the **Print Summary Report** to display a PDF view of the student's Homeless records.
