

Immunization Rules (New York)

Last Modified on 04/03/2026 8:36 am CDT

Tool Search: Vaccine Setup

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the New York State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

Read - View existing vaccines.

Write - Edit existing vaccines.

Add - Add new vaccines.

Delete - Delete vaccines.

For more information about Tool Rights and how they function, see this [Tool Rights](#) article.

General Compliance

Vaccine doses administered less than or equal to 4 days before the minimum interval or age are counted as valid.

Doses administered 5 days earlier than the minimum interval or age are not counted as valid doses and are repeated as age-appropriate.

The New York Polio vaccine rules allow for a grandfather rule. The grandfather rule identifies a student as compliant if they have not had a dose after 48 months if the doses were all given before 08/07/2010. This date represents when the ACIP rules changed to make the 48-month dose a required dose. To accommodate the grandfather rule, a field called "Last Dose Date" is available on the Immunization Rule Detail Page. This field allows Campus to compare the date of a student's last dose to a specific date in time, not merely against Effective Date or Birth Date.

Students enrolled in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent:

- PK = 4-5 years
- KG = 4-6 years
- 1st = 6-7 years
- 2nd = 7-8 years
- 3rd = 8-9 years
- 4th = 9-10 years

- 5th = 10-11 years
- 6th = 11-12 years
- 7th = 12-13 years
- 8th = 13-14 years
- 9th = 14-15 years
- 10th = 15-16 years
- 11th = 16-17 years
- 12th = 17-18 years

DTaP

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Diphtheria-Tetanus and Pertussis (DTaP) vaccine.
4 doses PK <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is in state grade(s) PS: Preschool, PKH: prekindergarten half day, or PKF: prekindergarten full day. • The student receives 4 doses of the DTaP/DTP or Tdap vaccine. • The difference between the first dose and the student's birthdate is greater than or equal to 42 days (6 weeks) with a 4-day tolerance. • The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the third and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the fourth and previous dose is greater than or equal to 4 months with a 4-day tolerance.
4 doses <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student receives 4 doses of the DTaP/DTP or Tdap vaccine. • The difference between the first dose and the student's birthdate is greater than or equal to 42 days (6 weeks) with a 4-day tolerance. • The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the third and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the fourth dose and the student's birthdate is greater than or equal to 48 months with a 4-day tolerance. • The difference between the fourth dose and the previous is greater than 4 months with a 4-day tolerance.

Rule	Condition
3 doses Catch-up <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student receives 3 doses of the DTaP/DTP, Td, or Tdap vaccine. • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the third dose and the previous is greater than 6 months with a 4-day tolerance. • The difference between the last dose and the student's birthdate is greater than or equal to 84 months with a 4-day tolerance. • The difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 4-day tolerance.
4 doses PK (Age) <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is no older than 71 months old. • They are in state grade(s) 13: K-6 ungraded (students w/disabilities), 14: 7-12 ungraded (students w/disabilities), or GD: GED. • They receive four doses of the DTaP/DTP or Tdap vaccine. • The difference between the first dose and the student's birthdate is greater than or equal to 42 days with a 4-day tolerance. • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the third dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the fourth dose and the previous is greater than 4 months with a 4-day tolerance.
3 doses <i>In Progress</i>	Students are considered in progress when: <ul style="list-style-type: none"> • The student receives 3 doses of the DTaP/DTP or Tdap vaccine, and • The difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 6 months.
2 doses <i>In Progress</i>	Students are considered in progress when: <ul style="list-style-type: none"> • The student receives 2 doses of the DT, DTaP/DTP, Td, or Tdap vaccine, • The difference between the last dose and the effective date is less than 28 days with a 1-day tolerance.
1 dose <i>In Progress</i>	Students are considered in progress when the following conditions have been met: <ul style="list-style-type: none"> • The student receives 1 dose of the DT, DTaP/DTP, Td, or Tdap vaccine, and • The difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance.

Rule	Condition
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the DTaP vaccine.

Hepatitis B

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Hepatitis B vaccine.
4 dose <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student receives 4 doses of the Hepatitis B (Hep B) or Hep-B 3 dose vaccine. • The difference between the second and previous dose is greater than or equal to 28 days (4 weeks) with a 4-day tolerance. • The difference between the last dose and the first valid dose is greater than or equal to 112 days (16 weeks) with a 4-day tolerance. • The difference between the last dose and the student's birthdate is greater than or equal to 168 days (24 weeks) with a 4-day tolerance. • The difference between the fourth and second valid dose is greater than or equal to 56 days (8 weeks) with a 4-day tolerance.
3 dose <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student receives 3 doses of the Hepatitis B (Hep B) or Hep-B 3 dose vaccine. • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the last dose and the second valid dose is greater than 56 days with a 4-day tolerance. • The difference between the last dose and the first valid dose is greater than 112 days with a 4-day tolerance. • The difference between the last dose and the student's birthdate is greater than 168 days with a 4-day tolerance. • The difference between the third and previous dose is greater than or equal to 56 days (8 weeks) with a 4-day tolerance.

Rule	Condition
<p>2 Adult doses <i>Compliant</i></p>	<p>Students are considered compliant when:</p> <ul style="list-style-type: none"> • The student receives 2 doses of the Hepatitis B (Hep B) vaccine, and • The difference between the second dose and the previous is greater than 4 months with a 4-day tolerance. • The difference between the first dose and the student's birthdate is greater than or equal to 132 months with a 4-day tolerance. • The difference between the last dose and the student's birthdate is less than or equal to 180 months (15 years) with a 4-day tolerance.
<p>2 doses (8 weeks between 2nd and 3rd doses) <i>In Progress</i></p>	<p>Students are considered in progress when:</p> <ul style="list-style-type: none"> • The student receives 2 doses of the Hepatitis B (Hep B) or Hep-B 3 dose vaccine. • The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.
<p>2 doses (16 weeks between 1st and 3rd doses) <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • The student receives 2 doses of the Hepatitis B (Hep B) or Hep-B 3 dose vaccine. • The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance. • The difference between the last dose and the effective date is less than 112 days (16 weeks) with a 0 (zero) day tolerance.
<p>1 dose IP <i>In Progress</i></p>	<p>Students are considered in progress when:</p> <ul style="list-style-type: none"> • The student receives 1 dose of the Hepatitis B (Hep B) or Hep-B 3 dose vaccine. • The difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
<p>1 Adult Dose IP <i>In Progress</i></p>	<p>Students are considered in progress when:</p> <ul style="list-style-type: none"> • The student receives 1 dose of the Hepatitis B - 2 Dose (Hep B - 2 Dose) vaccine. • The difference between the last dose and the effective date is less than 3 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 4 months. • The difference between the first dose and the student's birthdate is greater than or equal to 132 months with a 4-day tolerance.

Rule	Condition
2 doses 10-12 (Age) <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is at least 180 months (15 years) old. • The student receives 2 doses of the Hepatitis B (Hep B) vaccine.
2 doses (Age) <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is at least 180 months (15 years) old. • The student receives 2 doses of the Hepatitis B (Hep B) vaccine. • The difference between the second dose and the previous is greater than 4 months with a 4-day tolerance.

Hib

Rule	Condition
5+ No Requirement <i>No Requirement</i>	Students 60 months (5 years) old or older are not required to receive any doses of the Haemophilus influenza (Hib) vaccine.
1 dose after 15 months PK <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • The student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day. • The student receives 1 dose of the Haemophilus influenzae (Hib) vaccine. • The difference between the dose and the student's birthdate is greater than 15 months with a 4-day tolerance.
3 doses 1st dose 7 months PK <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • The student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day. • The student receives 3 doses of the Haemophilus influenzae (Hib) vaccine. • The difference between the first dose and the student's birthdate is greater than 7 months with a 4-day tolerance. • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the last dose and the student's birthdate is greater than 12 months with a 4-day tolerance.

Rule	Condition
<p>4 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • The student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day. • The student receives 4 doses of the Haemophilus influenzae (Hib) vaccine, • The difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance, • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the third dose and the previous is greater than 28 days with a 4-day tolerance. and • The difference between the last dose and the student's birthdate is greater than 12 months with a 4-day tolerance.
<p>2 doses PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • The student receives 2 doses of the Haemophilus influenzae (Hib) vaccine. • The difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance. • The difference between the second dose and the previous is greater than 56 days with a 4-day tolerance.
<p>3 doses 1st and 2nd dose before 12 months PK <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • The student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day. • The student receives 3 doses of the Haemophilus influenzae (Hib) vaccine. • The difference between the second dose and the student's birthdate is less than 11 months with a 4-day tolerance. • The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance. • The difference between the last dose and the previous is greater than 56 days with a 4-day tolerance. • The difference between the last dose and the birthdate is greater than 12 months with a 4-day tolerance. • The difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance.

Rule	Condition
<p>3 doses PK <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 15 months old, • the student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 8 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 9 months.
<p>2 doses PK <i>In Progress</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 15 months old, • the student is in state grades PS: Preschool, PKH: Prekindergarten half day, and PKF: Prekindergarten full day, • the student receives 2 doses of the Haemophilus influenza (Hib) vaccine, and • the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 6 months.
<p>1 dose after 15 months (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 1 dose of the Haemophilus influenza (Hib) vaccine, and • the difference between the dose and the student's birthdate is greater than 15 months with a 4 day tolerance.
<p>3 doses 1st dose 7 months PK (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
<p>4 doses (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 4 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, • the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>2 dose PK (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 4 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and the previous is greater than 56 days with a 4 day tolerance.
<p>3 doses 1st and 2nd dose before 12 months PK (Age) <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 71 months, • the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance, • the difference between the last dose and the previous is greater than 56 days with a 4 day tolerance, • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Condition
3 doses PK (Age) <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is no older than 71 months, the student receives 3 doses of the Haemophilus influenza (Hib) vaccine, and the difference between the last dose and the effective date is less than 8 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 9 months.
2 doses PK (Age) <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is no older than 71 months, the student receives 2 doses of the Haemophilus influenza (Hib) vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 6 months.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the HIB vaccine and are in state grades PS, PKH, or PKF.

Tdap

Rule	Condition
Grade PK - 5th <i>No Requirement</i>	Students in state grades PS, PKH, PKF, KH, KF, 01, 02, 03, 04, 05 are not required to receive any doses of the Tetanus, Diphtheria and Acellular Pertussis (Tdap) vaccine.
Grade 6 Age 10 and younger <i>No Requirement</i>	Students 131 months old or younger in state grade 06 are not required to receive any doses of the Tetanus, Diphtheria and Acellular Pertussis (Tdap) vaccine.
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Tetanus, Diphtheria and Acellular Pertussis (Tdap) vaccine.
Grade 6-11 <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> The student is in state grades 06, 07, 08, 09, 10, or 11. The student receives 1 dose of the Tdap or Diphtheria-tetanus-pertussis (DTaP/DTP) vaccine. The difference between the last dose and the student's birthdate is greater than 120 months with a 4-day tolerance.

Rule	Condition
Grade 12 <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is in state grade 12 • The student receives 1 dose of the Tdap or Diphtheria-tetanus-pertussis (DTaP/DTP) vaccine. • The difference between the last dose and the student's birthdate is greater than 84 months with a 4-day tolerance.
Age <i>No Requirements</i>	Students who are no older than 131 months old and in state grades 13, 14, or GD are not required to receive any doses of the Tdap vaccine.
6th-12th Grade Tdap (Age) <i>Compliant</i>	Students are considered compliant when: <ul style="list-style-type: none"> • The student is at least 132 months old. • The student is in state grades 13, 14, or GD. • The student receives 1 dose of the Tdap vaccine. • The difference between the last dose and the student's birthdate is greater than 120 months with a 4-day tolerance.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the Tdap vaccine.

MMR

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine.
1 MMR PKH and PKF <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, • the student receives 1 dose of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and • the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
<p>1 dose M, M, R - PKH and PKF <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, • the student receives 1 dose of the Measles vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives 1 dose of the Rubella vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance, OR • the student receives 1 dose of the Mumps vaccine, and <ul style="list-style-type: none"> ◦ the difference between the last dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>2ME, 2Mu, 1Ru K-12 <i>Compliant</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12 • the student receives 2 doses of the Measles, Measles/Mumps/Rubells (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives 2 doses of the Mumps, Measles/Mumps/Rubells (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives 1 dose of the Rubella, Measles/Mumps/Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
1 dose <i>In Progress</i>	Students are considered in progress when: <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives 1 dose of the Measles, Measles/Mumps/Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> the difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance, OR the student receives 2 doses of the Mumps, Measles/Mumps/Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> the difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance, OR the student receives 1 dose of the Rubella, Measles/Mumps/Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine, and <ul style="list-style-type: none"> the difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine and are in state grades KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Varicella Chickenpox

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the Varicella vaccine.
Under 12 months <i>No Requirement</i>	Students 11 months old or younger are not required to receive any doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicella (MMRV) vaccine .
2 doses K-12 <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives 2 doses of the Varicella vaccine, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
1 dose <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • The student is at least 12 months (1 year) old, • The student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, • The student receives 1 dose of the Varicella vaccine, and • The difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance.
Add 1 dose > 13 year old <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • The student is at least 156 months (13 years) old. • The student is in state grades KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12. • The student receives 1 dose of the Varicella or MMRV vaccine, and • The difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Add 1 dose < 13 year old <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> • The student is no older than 155 months. • The student is in state grades KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12. • The student receives 1 dose of the Varicella or MMRV vaccine. • The difference between the dose and the effective date is less than 2 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 3 months.
2 doses K-12 (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is at least 60 months, but no older than 215 months old, • the student is in state grades 13: K-6 ungraded (students w/disabilities), 14: 7-12 ungraded (students w/disabilities), GD: GED, • the student receives 2 doses of the Varicella or the MMRV vaccine, • the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
1 dose PK (Age) <i>Compliant</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is no older than 71 months, • the student is in state grades 13: K-6 ungraded (students w/disabilities), 14: 7-12 ungraded (students w/disabilities), GD: GED, • the student receives 1 dose of the Varicella or MMRV vaccine, and • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Rule	Condition
Add 1 dose > 13 year old <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 156 months old, the student receives 1 dose of the Varicella or MMRV vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Add 1 dose < 13 year old <i>In Progress</i>	Students are considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is no older than 155 months old, the student receives 1 dose of the Varicella or MMRV vaccine, and the difference between the dose and the effective date is less than 28 days with a 0 (zero) day tolerance.
Default <i>Non-Compliant</i>	Students are considered non-compliant if they have not received any doses of the Varicella vaccine and are in state grades KH, KF, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS, PKH, or PKF.

Polio

Rule	Condition
18+ No Requirement <i>No Requirement</i>	Students 216 months (18 years) old or older are not required to receive any doses of the IPV, OPV, or IPV/OPV Polio vaccine.
3 dose Preschool Compliant <i>OPV End Date: 04/01/2016</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, or PS: Preschool, the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4-day tolerance, and the difference between the third and previous dose is greater than or equal to 28 days with a 4 day tolerance.
4 doses before 08/07/2010 Compliant <i>OPV End Date: 04/01/2016</i>	Students are considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives 4 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the second and previous dose is greater than 28 days with a 4-day tolerance, the difference between the third and previous dose is greater than 28 days with a 4-day tolerance, and the difference between the fourth and previous dose is greater than 28 days with a 4-day tolerance.

Rule	Condition
<p>4 doses K-12 <i>Compliant</i> <i>OPV End Date:</i> <i>04/01/2016</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, the student receives 4 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the last dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance.
<p>3 doses K-12 <i>Compliant</i> <i>OPV End Date:</i> <i>04/01/2016</i></p>	<p>Students are considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine, the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance, and the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance.
<p>3 IPV, OPV doses K-12 <i>In Progress</i> <i>OPV End Date:</i> <i>04/01/2016</i></p>	<p>Students are considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, the student receives 3 doses of the IPV, OPV, or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 6 months.
<p>2 doses <i>In Progress</i> <i>OPV End Date:</i> <i>04/01/2016</i></p>	<p>Students are considered in progress when the following conditions have been met:</p> <ul style="list-style-type: none"> The student is in state grades PS: Preschool, PKH: Prekindergarten Half Day, PKF: Prekindergarten Full Day, KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, or 12. The student is at least 48 months (4 years) old. The student receives 2 doses of the IPV, OPV, or IPV/OPV Polio vaccine. The difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the calculation is looking for a dose within the last 6 months.

Rule	Condition
1 dose <i>In Progress</i> <i>OPV End Date:</i> <i>04/01/2016</i>	Students are considered in progress when the following conditions have been met: <ul style="list-style-type: none"> the student is in state grades KH: Half Day Kindergarten, KF: Full Day Kindergarten, 01, 02, 04, 05, 06, 07, 08, 09, 10, 11, 12, PS: Preschool, PKH: Pre-kindergarten Half Day, PKF: Pre-Kindergarten Full Day, the student receives 1 dose of the OPV or IPV/OPV Polio vaccine, and the difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance.
