The FRAM Race/Ethnicity Report counts the racial and ethnic information of students who have applied for meal benefits as of October 1st. This report includes information on the number of students approved for free meals, reduced meals, and denied benefits. Direct Certifications are not included in this report. This data is used to complete the Virginia DOE Racial/Ethnic report for the National School Lunch Program Meal Applications verification form.

Report Logic

To report, students must have a FRAM Application Reference number in which the Application Expiration Date is not before October 1st of the reporting year. The FRAM Race/Ethnicity Report counts race data from a student's most recent Identity record.

In order for a record to report that has a FRAM Eligibility Detail End Date NOT prior to October 1st, the following must be true:

- The FRAM Eligibility must be Free or Reduced
- The Source must be Non-Direct.

FRAM records do not report if the Source is Direct.

The totals in the report should exceed the number of FRAM applications due to multiple checks in the racial and ethnic identity section of the meal application, Census, or multiple students reported on a household application.
