This content applies when the **Void Fee Assignments** option was selected in the first step of the Fees Wizard.

Tool Search: Fees Wizard

The Void Fee Assignments mode cancels the selected fee for the designated students. When voiding fee assignments, users must enter or select a **Void Date** and **Void Reason**, indicating when and why the transactions were voided.

Voided fees are visible on the student's [Fees](#) tool. A Fees Wizard log entry is also created and visible from the first page of the [Fees Wizard](#).

The screenshot shows the 'Fees Wizard' interface. At the top, there is a breadcrumb trail: 'Fees > Wizards > Fees Wizard'. Below this is a blue header bar with the text 'Fee Wizard'. Underneath, a message states: 'The Fee Wizard was designed to manage Fee Assignments en masse. Select a mode to get started.' The main section is titled 'Select Wizard Mode' and contains five radio button options: 'Create Fee Assignments', 'Exempt/Unexempt Fee Assignments', 'Adjust Fee Assignments', 'Void Fee Assignments' (which is selected), and 'Mark Fee Assignments Uncollectible'. Below the radio buttons are four navigation buttons: '< Back', 'Next >', 'Preview', and 'Run Wizard'. At the bottom left, there is a section titled 'Fee Wizard Logs' with an empty text area and a vertical scrollbar.

Void Fee Assignments

Important Information about Voiding Fees

Options for void reasons are stored in a user defined [Attribute Dictionary](#) for *Fee Void*. Below are the default options.

- Cancellation Related
- Office Mistake

- Uncollectible

Users also have the option of narrowing results further by specifying an original due date for fees being voided. If the **Match on due date** checkbox is marked and a date entered, only fee assignments due on the entered date will be voided.

When voiding a fee assignment, the **Fee ID** column of the report is replaced by **Assignment ID**, indicating the identification number of the fee assignment voided. When marking fees as uncollectible, **Amount** is replaced by **Adjustment Amount**, indicating how much was adjusted to bring the balance due for the fee to \$0.
