Tool Search: Transaction Detail Report

The Transaction Detail Report details all transactions which occurred on a specific date for a specific terminal(s).

Transaction Detail Report Editor

Generate the Report

1. Enter the **Date** in *mmdyy* format or click a calendar icon to select a date.
2. Select the **Date Type**:
 - **Transaction Date**: Transactions are reported based on the date in which the sale occurred.

- **Post Date:** Transactions are reported based on the date in which the transaction was posted to the server (student's account).
3. Select which POS terminals to include within the report.
 4. Select whether the report results should be generated as a **PDF** or **CSV**.
 5. Select the **Generate Report** button OR the **Submit to Batch** button.

Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of **Generate Extract**. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the [Batch Queue](#) article.

Understanding the Transaction Detail Report

The Transaction Detail Report is broken into two sections: Section 1 which indicates the terminal reporting data as well as totals for payments and deposits and Section 2 which details each transaction that occurred as of the reporting date.
