## Tool Search: SLDS

The Student Section Enrollment submission reports student enrollments in courses, and aims to enhance Vermont's ability to efficiently and accurately manage, analyze, and use education data.

The screenshot shows the 'SLDS' tool interface. At the top, there are navigation icons for 'Tool Search' and 'Report Logic', and the 'Infinite Campus' logo. The main title is 'SLDS' with a star icon. Below the title is a dark blue header bar with the text 'VT SLDS Reports'. A sub-header below it says 'This tool will extract data to complete the VT SLDS Reports.' The main content area is titled 'Extract Options' and contains the following fields:

- Submission code for file name: 'Nightly Collection Unofficial (03)' (dropdown menu)
- Extract Type: '14a Stu Section Enrollment' (dropdown menu, highlighted with a red box)
- Effective Date: '04/26/2022' (date picker)
- Format: 'State Submission' (dropdown menu)
- Report Legal Identities: A checked checkbox

At the bottom of the 'Extract Options' section are two buttons: 'Generate Report' and 'Submit to Batch'. Below this is a status bar with 'Refresh', 'Show top 50', and a date range 'tasks submitted between 04/19/2022 and 04/26/2022'. A 'Batch Queue List' table is shown, with columns for 'Queued Time', 'Report Title', 'Status', and 'Download'. The table is currently empty. The entire interface is titled 'Student Section Enrollment Extract Editor' at the bottom.

## Report Logic

Student who have any enrollment in the calendar that is prior to the entered Effective Date are included in the report, unless their enrollment record is marked as State Exclude.

The Course must have a SCED code assigned to it to be included (Scheduling & Courses > Course Information > NCES Data > NCES Code).
