Tool Search: Fees

The Fees tool lists all fees that have been assigned to a person, including all payments and adjustments and a total of how much is still owed or if a surplus exists. If the person has reached the maximum fee amount established by the school and/or district, that will be noted in the Fees Editor.

If a fee was paid using an online payment, the fee Assignment, Payment or Adjustment **CAN** be voided or exempted.

The other option is to use the [Payments Reporter](#) to refund the payment.

## Assign and Edit Fees

[Assign a Fee](#) | [Edit a Fee Assignment](#)

For a fee to appear in the Fees Editor, it must first be assigned to the person, either individually or *en masse* using the [Fee Wizard](#) in the Fees section. Fees available for assignment depend on the options set by the school or district and are created in the Fees tool. Only fees that are marked as active can be assigned to students.

Once a fee is assigned to a person, it cannot be deleted, only voided.

## Assign a Fee

1. Click the **New Fee Assignment** button. The New Fee Assignment panel displays.
2. Select a **Fee** from the dropdown list.

If the fee amount is predetermined, this value appears after the fee description. Otherwise the value will show as 0.00.  
If the fee amount is variable, an asterisk (\*) appears after the amount.

3. If applicable, enter the **Amount** of the fee.

If the description of the fee ends in an asterisk (\*), the fee amount can be edited.

4. Enter a **Due Date** for the fee in *mmddyyyy* format. Clicking the date field opens a calendar of the current month which defaults to the current date.
5. If the person is exempt from paying this fee, mark the **Exempt** checkbox.

6. Select the **Calendar** to which the fee should be assigned.

The enrollment record from the school/calendar selected in the toolbar is selected by default.

7. Enter any comments related to the fee assignment in the **Comments** field.
8. Click the **Save** button. The new fee displays in the **Fee Editor** with the Unpaid Fees total adjusted appropriately.

## Edit a Fee Assignment

Once a fee is assigned, click the Assignment line to display the Assignment panel. The Assignment panel displays the **Fee**, the **Amount** and the **Due Date**, the **Exempt** checkbox, any **Comments** attached to the fee, the calendar in which the fee was created and the name of the user(s) who created and modified the fee. To edit a Fee Assignment,

Only the **Due Date**, **Exempt**, and **Comments** fields can be modified in this panel. To change the amount of a fee, [make an adjustment](#).

## Making Adjustments After an Online Payment is Made

Users have the option to void a payment made online using the Fees tool, or refund the payment amount using the [Payments Reporter](#) tool.

These options are also available when adjustments are made after a fee assignment was paid online. Below is an example.

1. A parent paid for a fee online for \$100.

## Void a Fee Assignment, Payment, or Adjustment

Transactions may NOT be deleted. Instead, they are voided which reverses the transaction. The procedures in this article describe voiding Fee Payments and Adjustments that were entered using the Fees tool in Campus.

**Important Information About this Process**

- Deposits cannot be voided, only refunded.
- Voiding a Fee Assignment also voids all Payments and Adjustments attached to the assignment.
- If a payment transaction originally included surplus funds which were then reallocated to another fee, the original payment cannot be voided. Later payments made with the surplus funds must first be voided before the original payment can be voided.
- When voiding a fee that was paid using an online payment, this message appears:

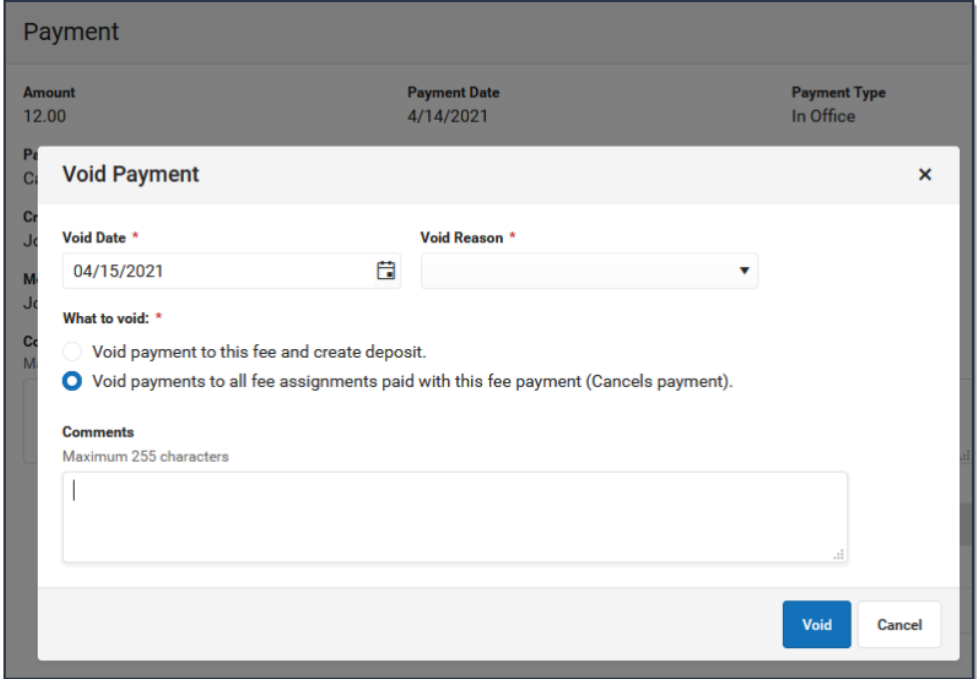

Clicking **Continue** voids the payment and deposits the amount of the online payment into the surplus, and the payment can **NOT** be refunded in the [Payments Reporter](#) tool. Clicking **Cancel** does **NOT** void the online payment through the Fees tool. Instead, you can use the [Payments Reporter](#) to refund the payment.

## Void an Assignment, Payment, Or Adjustment
