The Ohio Student Attributes - No Date Record (FN) Extract collects various information stored in the State Reporting Fields section of the student [Enrollments](#) tab for all students reported in EMIS.

OH State Extracts

This tool will extract data to complete several formats of the OH State-defined reporting formats. Choose the State Format to get the file in the state defined fixed width file format, otherwise choose one of the testing/debugging formats.

Ohio Student Attributes Extract Editor

Reporting Population and Business Rules

#	Requirement
R1	Reports most recent enrollment within the Date Range.
R1.BR1	Enrollment must have a Service Type = P or N.
R1.BR2	If multiple calendars are found, report from the most recent enrollment.
R1.BR3	A single record per student is reported.

#	Requirement
R2	Graduate Reporting Period - Exception
R2.BR1	When Reporting Period = G: Graduate, student must have a Diploma Date within the date range of the extract editor to report a record.
R3	The report can be run against a district's active year as well as any prior year.
R4	The report can be run in District Editions.
R5	The report will be generated in XML and CSV formats as well as a human-readable format (HTML). The XML format is the State Format.
R6	Enter any requirement to produce the file name here.

Report Editor

The following table describes the options available in the extract editor.

Extract Field	Description
Extract Type	The type of extract being generated. In this case, select Student Attributes - No Date Record (FN) .
Reporting Period	Indicates when the report is being submitted. Options are: <ul style="list-style-type: none"> • A: Assessment • C: Calendar • G: Graduate • L: Staff/Course • S: Student
Date Range	The dates which determine which student enrollments will appear on the report, based on the Start and End Dates of enrollments within the selected calendar(s). The first date defaults to 07/10 of the calendar start year.
Format	The format in which the report will generate. Options are <i>State Format (Fixed width)</i> , <i>HTML</i> , <i>CSV</i> and <i>XML</i> . Use HTML, CSV or XML formats for data review and verification and State Format for submission to the State.
Ad hoc Filter	Allows a previously created Ad hoc Filter to be selected that will limit what students appear in the report. Filters are created in the Filter Designer .
Calendar(s)	Students enrolled in the selected calendar(s) will appear in the report.

Generating the Extract

1. Select *Student Attributes - No Date Record (FN)* as the **Extract Type**.
2. Select the **Reporting Period**.
3. Enter a **Date Range** in *mmdyyy* format or by clicking the calendar icons and selecting

dates.

4. Select the **Format** in which the report should generate.
5. Select an **Ad hoc Filter** to control who will appear in the report.
6. Indicate which **Calendar(s)** should appear in the report.
7. Click **Generate Extract** to generate the report in the indicated format or **Submit to Batch** to schedule when to generate the report. If generating multiple extracts at a time, requests can only be submitted to the Batch Queue.

Users have the option of submitting a Student Attributes report request to the batch queue by clicking **Submit to Batch** instead of Generate Extract. This process will allow larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the [Batch Queue](#) article.

Majority of Attendance Calculation

If a Majority of Attendance IRN is entered on the student's Enrollment, that value reports. Otherwise, MOA is calculated as follows:

- Enrollment must have a Service Type of P or N and the student must be continuously enrolled from the Count Week End Date to the MOA End Date. An End Date of 3/31/End Year is used for all students. –
 - If any enrollment within the continuous enrollment has an End Status other than ** or null, reports as *****.
 - If student has multiple enrollments from different calendars within the continuous enrollment range and the enrollments have End Statuses = ** or NULL, report **State District Number**.
 - If the student has no End Status entered and is continuously enrolled at the same school,

reports as **Building IRN Override**, or as **State School Number** if null.

- If the student is not continuously enrolled, report *****.
 - The student must have a Percent of Time (greater than 0) that generates membership to report a State School Number of State District Number. If Percent of Time is 0, the student must have a Sent Reason 1 or 2 fo PS, JV, MR, CT, NI, CI, or CE.
