The Nutrition Report provides an aggregate count of Free and Reduced Price Eligible Students by School, Calendar, and District in the state of Nevada.

Nutrition Report Editor

Report Logic

- Reports all enrolled students with a Free or Reduced Eligibility as of the Effective Date selected on the extract editor.
- To report, students must have an Enrollment type of **P** or **N** with a start date before or equal to the Effective Date selected on the extract editor.

- Students are NOT included if their enrollment ends before the Effective Date selected on the extract editor.
- Enrollments with a State Start Status of E1, E3, E7, and R2 report.
  - E1: First entry in a school the current school year
  - E3: Pre K students without an IEP and any other Non-Funded students not specified in another code.
  - E7: Students living out of state and attending a NV School
  - R2: Re-Enrollment in the same school in the same year.
- Only students with an Eligibility Type of **Meal** as of the Effective Date report UNLESS **Include SES** is marked on the Extract Editor.
- Enrollments in State Grade Level **AD** are NOT included.
- If a school is marked as CEP OR as Provision II (System Administration > Resources > School > Provision), all students in the school are considered **Free Other** regardless of existing FRAM records.
- Enrollments marked No Show do not report.

Report Editor

Field	Description
Effective Date	Students with an active enrollment record as of this date will report.
Report Type	- Final Nutrition Count - Student Nutrition Detail
Include SES	When selected the reports include students whose Eligibility Type = SES.
Filter By	Allows reports to be filtered by three selections. **Calendar** – Allows you to identify specific calendars to be run. **School** – Allows you to identify specific schools to be run. **District** – Runs the report using all applicable schools in the district. Using District filtering will not allow individual calendars or schools to be selected on the right side of the screen. It is recommended to filter by District instead of selecting all Schools or all Calendars for a given year.
Format	Determines the format for the report: CSV, PDF, or HTML. Use the State Format (PDF) when submitting the final data.
Calendar Selector	Selected calendar indicates which students will be included in the report. Multiple calendars can be selected at one time; it is recommended that all calendars in a district not be selected as this will increase the amount of time it takes to generate the extract. The calendar chosen in the Campus toolbar is already selected.
Grade Selector	Allows you to select students by grade level to narrow results.
Ad Hoc Filter	This option allows you to narrow report results to students included in the filter you select.
Generate Extract Submit to Batch Queue	**Generate Extract**. The report will appear in a separate window in the designated format. **Submit to Batch**. This process allows larger reports to generate in the background, without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.

Final Nutrition Count Report Layout

Element	Logic	Location
District Name	The district name associated with the chosen calendar(s). Only reports in the first row of data	School & District Settings > District > District Information > Name District name

Element	Logic	Location
	Only reports in the first row of data for schools/calendars in that district. *Alpha*	District.name
School Code	The District Number and School Number associated with the chosen calendar. *Numeric, 4 digits* DDSSS DD = District Number SS = School Number	School & District Settings > District > District Information > Master District Code School & District Settings > Schools > School Information > State School Number Calculated
School Name	The school name associated with the chosen calendar. *Alpha*	School & District Settings > Schools > School Information > Name School.name
Grade Span	The lowest and highest grade level served by the school. The Grade Span is limited to the students included in the report. For example, if the report is run for only Grade 09, students the Grade Span would be 09-09. **Examples** • PK-05 • 09-12 *Numeric, 4 digits* NN-NN	System Administration > Calendar > Calendar > Grade Levels > State Grade Level Code Calculated
Total Students	The total number of students enrolled in the school as of the effective date. *Numeric, whole number*	System Administration > Calendar > Days Student Information > General > Enrollments > Start Date, End Date Day.instruction Enrollment.startDate Enrollment.endDate
Free SNAP	The total number of students enrolled in the school with an Eligibility of **Free** and Certified Type of **SNAP** active as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility • Eligibility = Free • Certified Type = SNAP Calculated
Free TANF	The total number of students	FRAM > Eligibility

Element	Logic	Location
	enrolled in the school with an Eligibility of **Free** and Certified Type of **TANF** active as of the Effective Date. *Numeric, whole number*	Eligibility = Free • Certified Type = TANF Calculated
Free MED	The total number of students enrolled in the school with an Eligibility of **Free** and Certified Type of **Medicaid** active as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility • Eligibility = Free • Certified Type = Medicaid Calculated
Free Other	The total number of students enrolled in the school with an Eligibility of **Free** with either a qualifying indicator of CEP or Provision II (System Administration > Resources > School > Provision II or CEP) or a Certified Type that is **not SNAP**, **TANF**, nor **Medicaid** active as of the Effective Date *Numeric, whole number*	System Administration > Resources > School > Provision II or CEP • Eligibility = Free • Certified Type <> SNAP • Certified Type <>TANF • Certified Type <> Medicaid Calculated
Total Free	The total number of students enrolled in the school with an Eligibility of **Free** as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility • Eligibility = Free Calculated
Reduced MED	The total number of students enrolled in the school with an Eligibility of **Reduced** and Certified Type of **Medicaid** active as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility • Eligibility = Reduced • Certified Type = Medicaid Calculated
Other Reduced	The total number of students enrolled in the school with an Eligibility of **Reduced** and Certified Type that is **not Medicaid** active as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility • Eligibility = Reduced • Certified Type <> Medicaid Calculated
Total	The total number of students	FRAM > Eligibility

Total Reduced	The total number of students enrolled in the school with an Eligibility of **Reduced** as of the Effective Date. *Numeric, whole number*	FRAM > Eligibility LocationEligibility = Reduced Calculated
Total Free & Reduced	Sum of Total Free and Total Reduced. *Numeric, whole number*	N/A Calculated
% of Free & Reduced	Percentage of enrolled students with an eligibility of Free or Reduced. Total Free and Reduced / Total Students. *Numeric*, rounded to the second decimal. **37.26**	N/A Calculated
NSLP School	**Y** reports if the National School Lunch Program (NSLP) box is checked. Otherwise, this element reports blank. *Numeric, whole number*	System Administration > Resources > School > USDA Programs > National School Lunch Program (NSLP) SchoolAttribute.lunchProgram
CEP School	**Y** reports if the School is a CEP school. Otherwise, this element reports blank. *Numeric, whole number*	System Administration > Resources > School > Provision = 5:CEP SchoolAttribute.provision
Provision II	**Y** reports if the School is a Provision II School. Otherwise, this element reports blank. *Numeric, whole number*	System Administration > Resources > School > USDA Programs > Provision = 2: Provision II SchoolAttribute.provision
Base Year	The provision base year if the school is CEP or Provision II. Otherwise, this element reports blank. YYYY	System Administration > Resources > School > USDA Programs > Provision Base Year SchoolAttribute.provisionBaseYear
End Year	The provision end year if the school is CEP or Provision II. Otherwise, this element reports	System Administration > Resources > School > USDA Programs > Provision End Year

Element	Logic	Location
	blank YYYY	SchoolAttribute.provisionEndYear
Total Row	Totals for schools in the district for each data element. N/A	N/A

Student Nutrition Detail Report Layout

Element	Logic	Location
School Code	The District Number and School Number associated with the chosen calendar.	School & District Settings > District > District Information > Master District Code School & District Settings > Schools > School Information > State School Number Calculated
School Name	School name associated with the chosen calendar.	School & District Settings > Schools > School Information > Name School.name
First Name	The student's first name.	Census > People > Demographics > First Name Identity.firstName
Middle Name	The student's middle name.	Census > People > Demographics > Middle Name Identity.middleName
Last Name	The student's last name.	Census > People > Demographics > Last Name Identity.lastName
Date of Birth	The student's date of birth.	Census > People > Demographics > DOB
Student ID	The student's local student ID.	Census > People > Demographics > Student Number
State ID	The student's unique state identifier.	Census > People > Demographics > State ID
Grade	The State Grade Level Code.	Student Information > General > Enrollments >

Element	Logic	General > Enrollments > **Location** Grade
		System Administration > Calendar > Grade Levels > State Grade Level Code
Gender	The student's gender.	
Ethnicity	The State Race Ethnicity Code.	Census > People > Demographics > State Race > Ethnicity
Eligibility Type	The student's Eligibility Type. Possible Values: • Meal • SES SES Eligibility Types are only included when the Include SES checkbox is marked on the extract editor.	FRAM > Eligibility > Eligibility Type Eligibility.eligibilityType
Eligibility	The student's eligibility. • Free • Reduced Students report as Free if they have a value of Free in FRAM > Eligibility > Eligibility OR if there is a qualifying indicator of CEP or Provision II (System Administration > Resources > School > Provision II or CEP).	FRAM > Eligibility > Eligibility System Administration > Resources > School > Provision II or CEP Eligibility.eligibility
Source	The student's eligibility source. • Non-Direct • Direct If Source value is null and if a student is part of a school that has a qualifying indicator of CEP or Provision II (System Administration > Resources > School > Provision II or CEP) **Non-Direct** reports.	FRAM > Eligibility > Source Eligibility.Source
Certified Type	The student's eligibility Certified Type. If a value exists in the Certified Type field, the student's eligibility Certified Type reports. If the Certified Type value is null and if a student is part of a school that has a qualifying indicator of CEP or Provision II (System Administration > Resources > School > Provision II or CEP) , then **Socioeconomic Status** reports as the Certified	FRAM > Eligibility > Certified Type System Administration > Resources > School > Provision II or CEP Eligibility.certType

Element	**Socioeconomic Status** reports as the Certified Type: Logic	Location
	• SNAP • TANF • FDPIR • Foster • Head Start • Homeless • Medicaid • Migrant • Runaway • Income • Categorical • Override • Even Start • Early Childhood • RCCI • Declined • Denied • Did Not Apply • Socioeconomic Status
