Teacher Course Entry Report

Report Logic

In order for a teacher to populate on the Teacher Course Entry Report, the following must be true:

- The teacher must have one of the following selected in the State Teacher Role field on the [Staff History](#) tool to which they are assigned:
 - 200 - Teacher
 - 611 - Student Teacher
 - 201 - Reading Teacher
 - 207 - Speech Language Pathology Teacher
- AND Have a null **Start Date** and the **End Date** is null or on or after the end date placed in the extract editor
- OR the start date is on or after the start date in the extract editor but before the end date in the extract editor and a null end date that is on or after the end date placed in the extract editor.

If the start or end date is null but the section is NOT active within the selected date range, the teacher will not be included in the report.

Teachers appear once for every section to which they are assigned that meets these requirements.

Sections associated with courses marked as State Exclude or inactive are not included.
