Classic View: System Administration > Ed-Fi

Search Terms: Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to enable the Student Needs resource for Ed-Fi reporting.

1. Set the Student Needs preference to **ON**.

The screenshot shows the 'Student Information' section of the Ed-Fi Configuration tool. It lists various data resources with their current status (ON or OFF). The 'Student Needs' resource is highlighted with a red box around its row. The other resources listed are: Students, Student Education Organization Associations, Student Program Associations, Student School Associations, Student School Association Local Education Agencies, Student School Association Membership FTEs, Student School Association Special Enrollments, Student School Association Tuition Payers, and Student Special Education Program Associations. Each resource has an 'Edit' button to its right.

Resource	Status	Action
Students	ON	Edit
Student Education Organization Associations	ON	
Student Needs	ON	
Student Program Associations	ON	
Student School Associations	ON	Edit
Student School Association Local Education Agencies	ON	
Student School Association Membership FTEs	ON	
Student School Association Special Enrollments	ON	
Student School Association Tuition Payers	ON	
Student Special Education Program Associations	ON
