Tool Search: SID Extracts

The SID Extracts report truancy and behavior data in the Summary report and student information and attendance in the Detail report.

SID Extracts Editor

Report Logic

In the Summary report, a record reports per school based on the selected calendar(s). The Detail report includes all students included in any calculation in the Summary.

The incidents reported in the Summary extract occurred on school property or at a school-sponsored event during the last school year.

Generate the Report

1. Select the **Calendar(s)** to include in the report.
2. Select an **Extract Type**, either *SID Summary* or *SID Detail*.
3. Select the **Format** of *State Format (CSV)* for submission to the state or *HTML* for data review and verification.
4. Click **Generate Now** or **Submit to Batch Queue** to schedule the report's generation.
    - Users may select **Submit to Batch** to generate larger reports in the background without disrupting Campus. For more information on submitting a report to the batch queue, see the Batch Queue article.

SID Summary Report Layout

Element	Description	Location
Collection Date	The official end of year SID submission date for the school year. Reports as 06/39/calendar year of the selected calendar. *Date field*	Not dynamically stored
