Birth to 3 Participant Demographic Report

Report Logic

Students must have the following in order to be included on the report:

- An active enrollment record (either Primary, Partial, or Special Education) in **State Grade Level 00** during the dates selected in the extract editor within the selected calendar.
- A Birth to 3 record that falls within the start dates entered on the extract editor.
- A Caregiver selected on the Birth to 3 record.

If the student has more than one record that meets the above requirement, the most recent record is based on the start date.

If there are multiple Birth to 3 records but no caregiver is selected, the student does not report.

If there are multiple caregivers for a student, the student reports multiple times on the report, once for each caregiver.

If a caregiver is assigned to multiple students, that caregiver also reports multiple times.

State Excluded students and students considered No Show do not report.
