Tool Search: Educator Census

The Educator Census Extract collects course data to determine which core academic subjects are taught by teachers who are highly qualified in their fields in accordance with Title III of NCLB.

Example Educator Census Report Editor

Report Editor

Field	Description
Date Range	The date range from which data is pulled for the report.
Format	- CSV - HTML - XML

Field	Description
Report Legal Identities	When this checkbox is marked, Campus reports the legal name entered on the Census > People > Identities tab. If only one part of the Protected Identity Information is entered, that part reports and the other name fields report blank. For example, if the Legal First Name is entered but the middle and last name fields are empty, then only the first name reports and the middle and last names report blank. ▶ Click here to expand...
Select Calendars	The calendar(s) from which data is pulled for the report.
Generate Extract	Click to generate the report in the selected format.

Report Layout
