Tool Search: Fall Census

The Fall Census is collection of student data as of October 1st. The Fall Census allows the Vermont Department of Education to create several federal and state reports from this data.

The screenshot shows the Infinite Campus interface for the 'Fall Census' tool. The header includes the Infinite Campus logo and a search bar. Below the header, the breadcrumb trail is 'Reporting > VT State Reporting > Fall Census'. The main title is 'Fall Census' with a star icon. A sub-header reads 'VT Fall Census Report'. A descriptive text states: 'This tool will extract data to complete the VT State-defined Fall Census report.' The interface is divided into two main sections: 'Extract Options' and 'Select Calendars'. Under 'Extract Options', there is a date picker set to '10/01/2019', a 'Format' dropdown set to 'HTML', and a checked checkbox for 'Report Legal Identities'. A 'Generate Extract' button is located below these options. The 'Select Calendars' section has three radio button options: 'active year' (selected), 'list by school', and 'list by year'. Below these options is a scrollable list of school names for the '19-20' school year, including Bennington Elementary Sc, Early Childhood Programs, Molly Stark Elementary S, Monument School, Mt. Anthony Union High S, Mt. Anthony Union Middle, North Bennington Graded, Pownal Elementary School, Shaftsbury Elementary Sc, SW VT Career Dev. Center, and Woodford Elementary Scho. A note at the bottom of the list says 'CTRL-click or SHIFT-click to select multiple'.
