Tool Search: Military Connections

The Military Connections tool tracks data for those in a student's household who are military personnel. This tool works with the [Impact Aid](#) tool, which tracks parents/guardians employed at federal sites (armed forces locations, reservation lands, etc.).

Name	Relationship	Start Date	End Date	Site	Branch	Status	Stu Mil ID	Comments
Student, James D	Self	07/01/2020	06/30/2026		Army National Guard	Active Duty, Not Deployed		
Student, Susan	Mother/Son							

See the [Military Connections Tool Rights](#) article for information about rights needed to use this tool.

In addition to listing the active duty status of the household member, a list of guardian relationships for that individual display, established in the [Census Relationships](#) tool. When viewing a guardian, (in most instances) this table lists relationships to students; when viewing a student, (in most instances) this table lists relationships to guardians.

4. Select the **Branch** of employment from the dropdown list.
