Tool Search: End of Year Report

The End of Year Report collects aggregate demographic counts for schools identified as Title 1 and Homeless. This report is also known as the ESEA Consolidated End of Year Report.

*End of Year Report*

## Report Logic

Students are not counted when:

- The enrollment record is marked as State Exclude
- The Grade Level of enrollment is marked as State Exclude

- The Calendar of enrollment is marked as State Exclude

## Title 1

When the Title 1 selection on the School History tab has the indicated code set, report as follows:

Title 1 Code	Logic
Targeted Assistance Program	Reports Y: Yes when the enrollment records in which the count date of the report falls within the enrollment dates where the Enrollment Title 1 field is Y:Yes.
Schoolwide Eligible - Targeted Assistance	Reports Y: Yes when the enrollment records in which the count date of the report falls within the enrollment dates where the Enrollment Title 1 field is Y:Yes.
Schoolwide Program	Reports all students in the school enrolled on the count date.

Schools with one of the following Title 1 indicators are not considered:

- NULL
- Targeted Assistance Eligible School - No Program
- Schoolwide Eligible - Title 1 TAS Program
- Not a Title 1 School

## Student Counts

- Students are only counted in one Race/Ethnicity column.
- Students must have an active enrollment ON the Count Date.
- Students who are not enrolled in a Title 1 School are not included.
- Students younger than 5 years of age and older than 17 years of age on the Count Date are not included.
- Students identified as being part of a Chapter 220 program are not included.
- Each student who is counted must be reported on the record that matched their grade level.
- If a grade level and/or element does not have any student to count, a zero value is reported.

## Homeless

A student is included in the Homeless report when they have a Homeless record that overlaps the selected calendar year. If the student has multiple homeless records overlapping the selected calendar year, the earliest occurring record reports.

Each student who is counted reports on the record that matches their grade level.

## Report Editor

Field	Description
<b>Count Date</b>	Indicates the date on which student enrollments are active. Students not actively enrolled as of this date are not included. The current date is automatically entered in this field. Change the date by entering a new date in <i>mmdyy</i> format or use the calendar icon to select a date.
<b>Report Type</b>	Selection indicates which report generates - Title 1-A Demographic Report or Homeless Report.
<b>Format</b>	The extract can be generated in either State Format (CSV), Detail CSV or HTML. Use the Detail CSV and the HTML formats for data review prior to submission to the state.  The <a href="#">CSV State Format and HTML Format</a> reports different fields than the <a href="#">Detail CSV</a> format.
<b>Calendar Selection</b>	At least one calendar must be selected in order for data to return. Calendars can be selected by the active year, by school name or by year.

Field	Description
<b>Student Selection</b>	<p>Select students to include on the report by choosing either a <b>Grade</b> level of enrollment for the students or an <b>Ad hoc Filter</b>.</p> <ul style="list-style-type: none"> <li>To include students in all grade levels, choose <b>All Students</b> in the Grade Level options.</li> <li>Selecting an existing ad hoc filter reports only those students or courses included in those filters, if they meet the reporting requirements of the report.</li> </ul>
<b>Report Generation</b>	<p>This report can be generated immediately by selecting the <b>Generate Extract</b> button. To choose when the report generates, or if there is a larger set of students included (from multiple calendars, etc.), use the <b>Submit to Batch</b> option.</p>
