Student Counts

- Students are only counted in one Race/Ethnicity column.
- Students must have an active enrollment ON the Count Date.
- Students who are not enrolled in a Title 1 School are not included.
- Students younger than 5 years of age and older than 17 years of age on the Count Date are not included.
- Students identified as being part of a Chapter 220 program are not included.
- Each student who is counted must be reported on the record that matched their grade level.
- If a grade level and/or element does not have any student to count, a zero value is reported.
