## Report Logic

Logic looks to the grade book setup for the selected teacher or course and returns a list of grading tasks, standards, grade calculation options and categories associated with the course.

- If a course does not have a section, it is not included in the report.
- If a course has a section but does not have a teacher, it is not included in the report.
- If a course has a section and a teacher, but the teacher has not access Campus Instruction

Grade Book, it is not included in the report.

Teachers in red text are inactive.

If no options are marked in the Data to Report section, the report returns Grading Tasks and Standards and indicates whether they are marked as Post Only.

## Generate the Section Audit Report

1. Select which **Teachers** to include in the report. Or, keep the selection at All Teachers.
2. Select the **Courses** to include in the report. Or, keep the selection at All Courses. Courses can be viewed/selected by Course Number or Course Name by changing the appropriate Sort By radio button.
3. Select the desired **Data to Report** options (listed below) by marking the checkboxes.
  - o Categories
  - o Assignments
  - o Composite Grades
  - o Grade Calc Options - Mark **Include Post Only** to also report grading setup related to tasks and standards marked as "Post-Only"
4. Click the **Generate Report** button. The report displays in CSV format.
