Generating the Extract | Report Examples | Header Layout | Report Layout | Trailer Layout

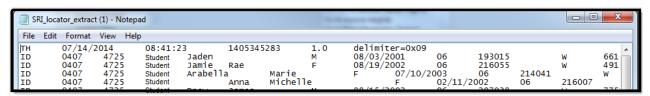

Student ID and State Locator Report Option

Generating the Extract

1. Select the **Extract Type** to be generated, in this case *Student ID and State Locator Report*.
2. Enter an **Effective Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date to pull data as of the date entered.
3. If desired, mark the checkboxes to include **Student's without State IDs** and/or **Inactive Students**.
4. Select an **Ad hoc Filter** to limit the students in the report to those included in the filter.
5. Select the **Format** in which the report should generate. CSV, XML and HTML formats can be used to data review and verification and State Format should be used when submitting data to the state.
6. Indicate which **Calendar(s)** should be included in the report.
7. Click **Generate Extract** to generate the report in the designated format.
