The Individual Education Plan is used to capture student special education plan information and match the required documentation provided by the state of Georgia. This document describes each editor, the section(s) of the print format that include the entered information, a description of each field on the editor, and any special considerations and instructions. **The Individual Service Plan (ISP) is the same format as the IEP used for Private Schools in Georgia.**

The current print format of this document is the **GA IEP 2023 and GA ISP 2023** . Plan formats are selected in [Plan Types](#).

This makes the editor read-only. However, this does not lock the editor from further editing. Click the <b>In Progress</b> button to further edit after an editor is marked Not Needed.</li> <li>• <b>In Progress</b> only displays when the editor is in the Complete or Not Needed status and allows additional edits to be made.</li> </ul> <p>The following status is only available for the Nevada IEP:</p> <ul style="list-style-type: none"> <li>• <b>Complete Pending eSignature</b> only displays for the Procedural Safeguards, IEP Implementation, and Medicaid Consent editors. This button marks the editor as complete until the parent/guardian electronically signs those sections of the plan via the Campus Parent Portal. See the <a href="#">Nevada Individual Education Plan eSignature Process</a> or <a href="#">Delaware Special Ed Plan eSignature Process</a> articles for additional information.</li> </ul>
<b>Print</b>	Prints the entire document.
<b>Editors</b>	Opens a side panel listing all the available editors and their status. Select an editor from this list to navigate to that editor or click <b>Close</b> to collapse the side panel.
<b>Previous</b>	Navigates the user to the previous editor.
<b>Next</b>	Navigates the user to the next editor.

## Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor is displayed. List editors display a list of all records within that editor. Clicking an existing record or the **New** button opens the detail view for an individual record.

## Editor Lock Out and Release Logic

Only one user at a time can actively work on an editor. A person with a padlock icon (  ) displays in the Editors side panel, Editor Home, and List Screen of list editors indicating which editors currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read-only for all other users. The name of the person working on the editor displays in the header.

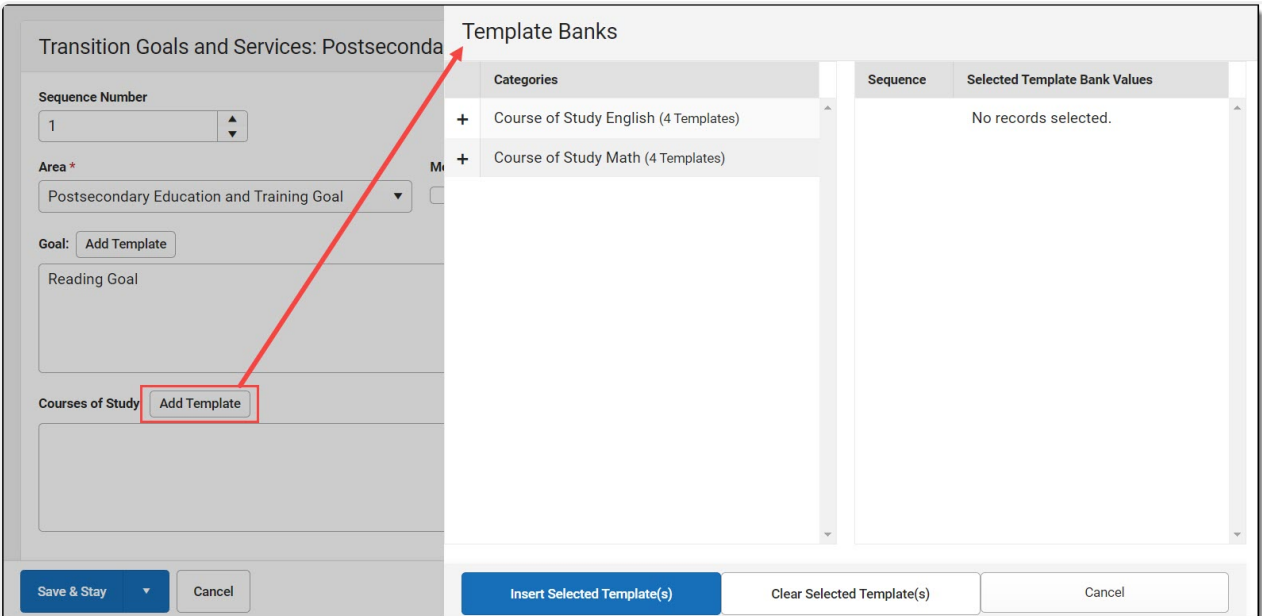

To release an editor, the user must:

- navigate to the next editor by clicking **Save and Next** or the **Editors** button and selecting the next editor from the side panel.
- click the **Cancel** button to return to the Editor Home screen.
- log out of the Campus application.
- navigate to a different tool in the Campus application.

Editors are automatically released when the in-application timeout limit has been exceeded. This is a back-end process and is usually around 30-60 minutes.

## Template Banks

Certain fields within several editors have an **Add Template** icon that displays next to their name. Clicking this button displays a side panel with the available library of predetermined text for that field. [Template Banks](#) are managed in System Administration.

*Template Bank Side Panel*

Click the plus (+) icons next to the category to view the available template values.

## Assessment Determination

The Assessment Determination editor indicates if the student is able to participate in regular assessment and if not, why.

Assessment Determination NOT STARTED
Editor 12 of 21

The student will participate in the following regular required assessments.

**Specific Testing Accommodations**  
 (Accommodations used for assessment must be consistent with accommodations used for classroom instruction/testing and specified in the IEP. Some accommodations used for instruction may not be allowed for statewide assessment. Refer to the GaDOE Student Assessment Handbook for the only allowable accommodations. Conditional accommodations are only allowable for students who meet eligibility criteria.) All subtests must be considered individually.

The student will participate in the Georgia Alternate Assessment (GAA)

Eligibility Criteria for the Georgia Alternate Assessment 2.0 (GAA)

**Step I: Review the Eligibility Criteria for GAA**

Prior to reviewing the eligibility criteria for GAA, the Individualized Education Program (IEP) team must understand all assessment options, including the characteristics of each assessment and the potential implications of each assessment choice.

According to O.C.G.A 20-2-281, school districts are required to follow the procedures specified in the applicable test administration materials. As a result, the IEP team must use this form to document its assessment decisions.

## High School Mathematics Decision Rubric

The High School Mathematics Decision Rubric is used to document the student's need for alternate course sequence in order to complete their mathematics course requirements of the State Board of Education.

For decision regarding Advanced Algebra: Concepts and Connections i

Complete the rubric for eligible students with disabilities who (1) were identified prior to enrollment in high school, (2) have a disability affecting mathematics achievement, and (3) want to follow an alternate course sequence to meet the mathematics course requirements of State Board Rule 160-4-2-.48 and will not receive appropriate benefit from participation in Advanced Algebra: Concepts and Connections or the equivalent.

- All assurance statements must be met.
- This document and the information included in the decision must be reviewed and documented by the IEP team and must be attached and regarded as part of the student's IEP annually.
- All appropriate parties must sign and certify that they understand the assurances included within the rubric on an annual basis.

**Decision Rubric**

**Evidence in the IEP clearly shows for Mathematics Statements**

If "No" is selected for any statement below, the student is NOT eligible to follow an alternate course sequence to meet the mathematics course requirements of graduation rule 160-4-2-.48.

1. The student's disability affects the child's involvement and progress in the general high school math curriculum, as indicated in the Present Level of Academic Achievement and Functional Performance (PLAAPF) statement. \*

Yes

2. There is documented evidence indicating the student has received special education supports to access the course content required to meet the mathematics requirements in the Georgia High School Graduation Rule. The targeted supports, mathematics-specific IEP services, and goals address needs that require specially designed instruction for students to access and benefit from the general curriculum in the required courses. \*

The student's academic record includes documentation of evidence-based prevention and/or intervention supports, including goals that:

1. are related to achieving mathematics content proficiency;
2. support access to and benefit from the content standards; and
3. are designed to promote the student's quantifiable academic progress in the content area state-adopted standards.
