Tool Search: Immunization Compliance Summary

The Health Immunization Compliance Summary Report provides a summary of immunization compliance broken out by grade, compliance status, and exemptions with totals for all vaccines selected and each individual vaccine with rules.

This report is not available for Illinois, Kentucky, and Ohio districts.

Immunization Compliance Summary Report

This report will give a summary of immunization compliancy broken out by grade, compliance status and exemptions with totals for all vaccines selected and each individual vaccine with rules. It will total by school or district wide. This report is based off of the ImmCompliance table which is populated every morning.

Report Logic

- Percentages for each cell are only calculated when **Compliance Percentages included** is marked.
- Each student can only be counted in a single column.
- Calendars marked as Exclude are not listed on the editor. Excluded calendars are not reported.

This report only updates for the current school year. Data is not pulled for future years.

Report Editor

The following table describes the fields available on the Core Immunization Summary editor:

Field	Description
Grade	The grade level of students you would like to include on the report.
Ad Hoc Filter	An optional ad hoc filter can be selected from the dropdown to further narrow results on the report.
Report Students Enrolled On	Reports students enrolled on the selected date.
All school compliance totals	Indicates that all school compliance totals should be included on the report.
Compliance Percentages included	Indicates that the compliance percentage totals should be included on the report.
Grade level breakdown	Indicates if the report should be broken down by grade level. If unmarked, only vaccine totals will display.
Separate Count for noncompliant students with no doses	Indicates a separate count for non-compliant students with no doses
Calendar Selection	Which calendar(s) will be included on the report.

Field	Description
Choose Vaccines	Which vaccines will be included on the report. The Toggle Vaccines option will mark or unmark all vaccines.
Generate Extract	Generates the report in a PDF format.
Submit to Batch	<p>An option that allows the report to generate in the background.</p> <p>This is a very complex report. Limit the number of students run per batch or select Submit to Batch to generate the report in the background while you use other areas of Campus. See the Batch Queue article for additional information.</p>

Generation Steps

1. Select which **Grade Level(s)** you would like to include on the report
2. Optional: Choose an **Ad Hoc filter** from the dropdown.
3. Optional: Choose to report students enrolled on the selected **date**.
4. Select which **Calendar(s)** you would like to include in the report. Choose which Options you would like to include in the report. Options include:
 - All schools compliance totals
 - Compliance Percentages included
 - Grade level breakdown
 - Separate Count for non-compliant students with no doses
5. Select which Vaccines you would like to include on the report by marking or unmarking the checkboxes. Click **Generate Extract** or **Submit to Batch** to generate the report. The report generates in a PDF format.

Report Layout

Name	Description
