Tool Search: NJSLEDS Extracts

The Staff Course Data extract reports a record for each staff member responsible for the roster in a course active during the reporting start and end dates. If this staff member enters, exits, and re-enters the same course section, information is reported from the most recent record.

NJ SLEDS File Extract

This tool will extract data to complete the New Jersey Statewide Longitudinal Education Data System (NJSLEDS) reporting extract for October and December or EOY.
Choose the State Format (CSV) to get the file in the state-defined CSV file format, otherwise choose HTML or PDF for testing/debugging.
Each extract contains a 1 line header.

Snapshot Date can be obtained by entering the same date for the Reporting Period Start Date and Reporting Period End Date.

Report Logic

The extract will first look for a **Primary Teacher**, **Teacher**, or **Staff** member listed as the Teacher of Record on the [Staff History](#) tool. If no Primary Teacher is assigned, the report will look for a **Teacher** assignment. If no Primary Teacher or Teacher assignment exists, the report looks for a **Staff Member** assignment.

If a course section has no students scheduled, it is not included in the report.

Report Editor

Field	Description
Extract Type	Selection determines which extract is generated.
Reporting Period Start Date	Date determines the time frame of the extract, reporting only student data as of that date. Dates are entered in mmddyy format or can be chosen using the calendar icon.

Field	Description
Reporting Period End Date	Date determines the time frame of the extract, reporting only the student data as of that date. Dates are entered in mmddyy format or can be chosen using the calendar icon. The end date field is auto-populated with the current date.
Students without state IDs	When marked, students who have not been assigned a state ID will be returned, along with those who have a state ID.
Exclude Cross-Site Data	Cross-site section enrollment data is not included in the report when checked. <ul style="list-style-type: none"> • <u>Cross-site enrollment</u> functionality must be enabled at the district level for the checkbox to display. • Defaults to checked.
Ad Hoc Filter	When selected, only those students in the filter will be included in the selected NJSLEDS extract.
