Tool Search:ADM ad ADA Detail Report

The ADM and ADA Detail Report allows districts to generate aggregate attendance numbers for any set or subset of students within their district at any time. This report assists users in verifying information before submitting SAAR report data to the state.

ADM and ADA Detail Editor

Report Selection Criteria

Attendance is excluded from the report under the following circumstances:

ADA/ADM Funding

- Day is not marked for both Instruction and Attendance.
- Under Age Grade 00: Grade 00 students who have not reached age 5 on or before August 1 of the reporting year. All attendance is excluded from the funding calculation.
- Under Age Grade 01: Grade 01 students who have not reached age 6 on or before August 1 of the reporting year. All attendance is excluded from the funding calculation.
- Over Age: All attendance which takes place on or after the student's 21st birthday is excluded.

- The Underage Waiver checkbox (Student Information > General > Enrollments > State Reporting Fields > Underage Waiver) overrides the exclusion from funding calculations.
- Attendance for Perkins Only students is excluded.
- Attendance for students whose enrollments are marked "State Exclude" is excluded.
- ADA/ADM Funding does not include any Virtual/Performance Based attendance.
- ADA/ADM Funding does not include any out-of-district transferred attendance.

ADA/ADM Truancy:

- Day is not marked for both Instruction and Attendance.
- ADA/ADM Truancy pulls all attendance for enrolled students regardless of age, Perkins or State Exclude status but will show 0 attendance for any student who is not enrolled in classed marked as Attendance.
- ADA/ADM Truancy does not include any Virtual/Performance Based attendance.
- ADA/ADM Truancy does not include any out-of-district transferred attendance.

Generate ADM/ADA Detail Report

1. Select a **Report Type**.
2. Select an **ADA Mode**. This determines whether funding or truancy calculations are emphasized on the report.
3. Select a **Date Range** or **School Month**. Only data within this time frame is included in the report.
4. Select any **Transportation** codes to report corresponding attendance data.
5. Select which **Calendar(s)** will report data (Summary Report Type only).
6. Select which **Grade(s)** will report data.
7. Select an **Ad Hoc** filter (if Grade is not selected).
8. Mark the **State Exclude** checkbox to exclude student data for students marked State Exclude.
9. Mark the **Perkins Only** checkbox to exclude student data for students marked Perkins Only.
10. Select a **Sort Option**.
11. Mark the **Print the signature line at the end of the report** checkbox if you would like a signature and date line to appear.
12. Select the desired **Report Format**.
13. Click the **Generate Report Now** button to view the report immediately or click the **Submit to Batch** button to send the report to a batch process. This is especially useful when generating the report for a large amount of data.

Field	Description
Report Type	<p>Detail - The detail report includes ADA/ADM information per student as well as summary data for grade level and transportation code. See here for more information.</p> <p>Summary - The summary report details ADA/ADM information for each grade level and transportation code. See here for more information.</p>

Field	Description
Calendar(s)	<p>If Detail Report Type is selected - The calendar for the currently selected school in the Campus toolbar is used.</p> <p>If Summary Report Type is selected - Users can select which calendar(s) to report data.</p>
Grade	The grade(s) levels used for reporting data.
Ad Hoc	Instead of reporting student data based on grades, users can report data for a specific set of users defined within an Ad hoc filter .
Exclude	<p>State Exclude - When marked, attendance data for students marked State Exclude is excluded from report data.</p> <p>Perkins Only - When marked, attendance data for students marked Perkins Only is excluded from report data.</p>

ADM/ADA Report, DOCX Format - Detail, All Transportation Codes, Sort by Grade

Understanding the ADM/ADA Detail Report

The ADA/ADM Detail is reported in 4 separate sets of data based on report options selected. The following sections describe each option:

- ADM/ADA Detail - Truancy
- ADM/ADA Detail - Funding
- ADM/ADA Summary - Truancy
- ADM/ADA Summary - Funding

ADM/ADA Detail - Truancy

The ADA/ADA Detail Truancy report defines truancy-related attendance data per student.

ADM/ADA Detail Report - Truancy

The table below describes each report column.

Column	Description
Grade/Student/Enrollment	This column indicates the grade level, name and enrollment date of the student reporting ADA/ADM data.
T-Code	The transportation code of the student reporting data.
ATT	The sum of truancy WDHD present. For example, if a student was present for 2 days and absent for 1, the ATT would be 2.
ADA	The student's average daily attendance. $ADA = \frac{\text{SUM of daily values for truancyWDHDpresent}}{\text{Instructional Attendance Days}}$ Truancy calculation only includes Instructional Attendance Days on which a student was scheduled. This value cannot exceed 1.0 for a single student in either truancy or funding mode for any time period.
ADM	The student's average daily membership. $ADM = \frac{\text{Days Enrolled}}{\text{Instructional Attendance Days}}$ On a given day, the ADM represents 1 if the student is enrolled, 0 if they are not. A student who is enrolled but not scheduled on a given day is still given a value of 1.

Column	Description
Tardy - E	The number of excused tardies the student had during the reporting month or time period.
Tardy - U	The number of unexcused tardies the student had during the reporting month or time period.
Attendance State Code - E	WDHD value of absent days in which the final code is mapped to the State code of E.
Attendance State Code - U	WDHD value of absent days in which the final code is mapped to the State code of U.
Attendance State Code - AFD/R	The total FTE value of all events mapped to the state codes of AFD and AFR. Student cannot exceed 10.00 AFR per school year or 2.00 AFD per school year. Validation enforced on the Attendance tool.
Attendance State Code - EHO	The total FTE value of all events mapped to the state code of EHO. Student cannot exceed 10.00 EHO per school year. Validation is enforced on Attendance tool.
Attendance State Code - BT	The total FTE value of all events mapped to the state code of BT. Students cannot exceed 10.00 BT per school year. Validation is enforced on the Attendance tool.
Attendance State Code - ATA	The total FTE value of all events mapped to the state code of ATA. Student cannot exceed 2.00 ATA per school year. Validation is enforced on the Attendance tool.
Attendance State Code - EDN	WDHD value of absent days in which the final code is mapped to the State code of EDN.
Attendance State Code - EPN	WDHD value of absent days in which the final code is mapped to the State code of EPN.
Attendance State Code - S	The total FTE value of all events mapped to state code of S.
Attendance State Code - O	The total FTE value of all events mapped to state code of O. Attendance Codes in this category are typically exempt. Field trips often fall in this category. The ADA/ADM report shows HH attendances events in the O (Other) column. These days do not subtract from the ADA for the student as they are mapped to Present: Exempt.
Funding ADA	<p>Funding ADA = (SUM of daily values for fundingWDHDpresent) / Instructional Attendance Days</p> <p>This calculation includes all Instructional Attendance Days, regardless of whether student is scheduled, as long as student is enrolled.</p>

ADM/ADA Detail - Funding

The ADA/ADA Detail Funding report defines funding-related attendance data per student.

ADM/ADA Detail Report - Funding

The table below describes each report column.

Column	Description
Grade/Student/Enrollment	This column indicates the grade level, name and enrollment date of the student reporting ADA/ADM data.
T-Code	The transportation code of the student reporting data.
Funding ATT	The sum of funding WDHD present. For example, if a student was present for 2 days and absent for 1, the ATT would be 2.
Funding Absent Days	The sum of non-exempt attendance events with an excuse code of "Absent," subject to Dual Enrollment Cap and Cap on Overscheduled Students. Funding absences are determined by the formula (possibleADA - truancyWDHDpresent). The result of this formula for each day is summed for the time period of the report
Funding ADA	Funding ADA = (SUM of daily values for fundingWDHDpresent) / Instructional Attendance Days This calculation includes all Instructional Attendance Days, regardless of whether student is scheduled, as long as student is enrolled.
Funding ADM	The student's average daily membership. ADM = Days Enrolled / Instructional Attendance Days On a given day, the ADM represents 1 if the student is enrolled, 0 if they are not. A student who is enrolled but not scheduled on a given day is still given a value of 1.

Column	Description
Truancy ATT	The sum of truancy WDHD present. For example, if a student was present for 2 days and absent for 1, the ATT would be 2.
Truancy Absent Days	The sum of non-exempt attendance events with an excuse code of "Absent". Truancy absences are determined by the formula (1.0 - truancyWDHDpresent). The result of this formula for each day is summed for the time period of the report.
Truancy ADA	The average daily attendance. ADA = (SUM of daily values for truancyWDHDpresent) / Instructional Attendance Days Truancy calculation only includes Instructional Attendance Days on which a student was scheduled . This value cannot exceed 1.0 for a single student in either truancy or funding mode for any time period.

ADM/ADA Summary - Truancy

ADM/ADA Truancy Summary details truancy-related data per grade, transportation code and grade/transportation code combination.

ADM/ADA Summary - Truancy

The table below describes each report column.

Column	Description
Grade	ADA/ADM truancy data reported per grade level (Attendance Summary Group by Grade and Attendance Summary sections).
T-Code	Indicates the transportation code tied to the grade level and ADA/ADM data being reported (Attendance Summary section).
ATT	The sum of truancy WDHD present. For example, if a student was present for 2 days and absent for 1, the ATT would be 2.
ADA	The average daily attendance. ADA = (SUM of daily values for truancyWDHDpresent) / Instructional Attendance Days Truancy calculation only includes Instructional Attendance Days on which a student was scheduled . This value cannot exceed 1.0 for a single student in either truancy or funding mode for any time period.
ADM	The average daily membership. ADM = Days Enrolled / Instructional Attendance Days On a given day, the ADM represents 1 if the student is enrolled, 0 if they are not. A student who is enrolled but not scheduled on a given day is still given a value of 1.
%	The percentage of attendance. This column calculates the percentage of the time period in which students attended school (ie, students attended school 90% of the time). $\% = \text{Truancy ATT} / (\text{Truancy ATT} + \text{Truancy Absent Days})$
Tardy - E	The number of excused tardies entered during the reporting school month or time period.
Tardy - U	The number of unexcused tardies entered during the reporting school month or time period.
Attendance State Code - E	WDHD value of absent days in which the final code is mapped to the State code of E.
Attendance State Code - U	WDHD value of absent days in which the final code is mapped to the State code of U.
Attendance State Code - AFD/R	The total FTE value of all events mapped to the state codes of AFD and AFR. Student cannot exceed 10.00 AFR per school year or 2.00 AFD per school year. Validation is enforced on the Attendance tool.
Attendance State Code - EHO	The total FTE value of all events mapped to the state code of EHO. Student cannot exceed 10.00 EHO per school year. Validation is enforced on Attendance tool.

Column	Description
Attendance State Code - BT	The total FTE value of all events mapped to the state code of BT. Students cannot exceed 10.00 BT per school year. Validation is enforced on the Attendance tool.
Attendance State Code - ATA	The total FTE value of all events mapped to the state code of ATA. Student cannot exceed 2.00 ATA per school year. Validation is enforced on the Attendance tool.
Attendance State Code - EDN	WDHD value of absent days in which the final code is mapped to the State code of EDN.
Attendance State Code - EPN	WDHD value of absent days in which the final code is mapped to the State code of EPN.
Attendance State Code - S	The total FTE value of all events mapped to state code of S.
Attendance State Code - O	The total FTE value of all events mapped to state code of O. Attendance Codes in this category are typically exempt. Field trips often fall in this category. The ADA/ADM report shows HH attendances events in the O (Other) column. These days do not subtract from the ADA for the student as they are mapped to Present: Exempt.
Funding ADA	Funding ADA = (SUM of daily values for fundingWDHDpresent) / Instructional Attendance Days This calculation includes all Instructional Attendance Days, regardless of whether student is scheduled, as long as student is enrolled.

ADM/ADA Summary - Funding

ADM/ADA Funding Summary details funding-related data per grade, transportation code and grade/transportation code combination.

ADM/ADA Summary - Funding

The table below describes each report column.

Column	Description
Grade	ADA/ADM funding data reported per grade level (Attendance Summary Group by Grade and Attendance Summary sections).
Transportation	ADA/ADM funding data reported per transportation code (Attendance Summary Group by Transportation Code and Attendance Summary sections).
T-Code	Indicates the transportation code tied to the grade level and ADA/ADM data being reported (Attendance Summary section).
Funding ATT	The sum of funding WDHD present. For example, if a student was present for 2 days and absent for 1, the ATT would be 2.
Funding Absent Days	The sum of non-exempt attendance events with an excuse code of "Absent," subject to Dual Enrollment Cap and Cap on Overscheduled Students. Funding absences are determined by the formula (possibleADA - truancyWDHDpresent). The result of this formula for each day is summed for the time period of the report

Column	Description
Funding ADA	<p>The average daily attendance.</p> $ADA = (\text{SUM of daily values for fundingWDHDpresent}) / \text{Instructional Attendance Days}$ <p>Funding calculation includes all Instructional Attendance Days, regardless of whether student is scheduled, as long as student is enrolled.</p>
Funding ADM	<p>The average daily membership.</p> $ADM = \text{Days Enrolled} / \text{Instructional Attendance Days}$ <p>On a given day, the ADM represents 1 if the student is enrolled, 0 if they are not. A student who is enrolled but not scheduled on a given day is still given a value of 1.</p>
Funding %	<p>The percentage of Attendance. This column calculates the percentage of the time period in which students attended school (ie, students attended school 90% of the time).</p> $\text{Funding \%} = \text{Funding ATT} / (\text{Funding ATT} + \text{Funding Absent Days})$ <p>This calculation is designed not to depress the % of attendance due to students who are not scheduled but who are still enrolled, such as students enrolled in speech therapy who are not scheduled, or V/P-only students, or students who attend 1 day of a 2 day rotation.</p>
Truancy ATT	<p>The sum of truancy WDHD present.</p> <p>For example, if a student was present for 2 days and absent for 1, the ATT would be 2.</p>
Truancy Absent Days	<p>The sum of non-exempt attendance events with an excuse code of "Absent". Truancy absences are determined by the formula $(1.0 - \text{truancyWDHDpresent})$. The result of this formula for each day is summed for the time period of the report.</p>
Truancy ADA	<p>The average daily attendance.</p> $ADA = (\text{SUM of daily values for truancyWDHDpresent}) / \text{Instructional Attendance Days}$ <p>Truancy calculation only includes Instructional Attendance Days on which a student was scheduled. This value cannot exceed 1.0 for a single student in either truancy or funding mode for any time period.</p>
