Adding District Assignment Information | State Title Logic | Ending a District Assignment

This information is specific to Maine end-users. All other users should refer to the standard <u>District Assignments</u> page.

Tool Search: District Assignments

The District Assignments tool lists the district location(s) at which a staff member is employed and details on his/her assignment.

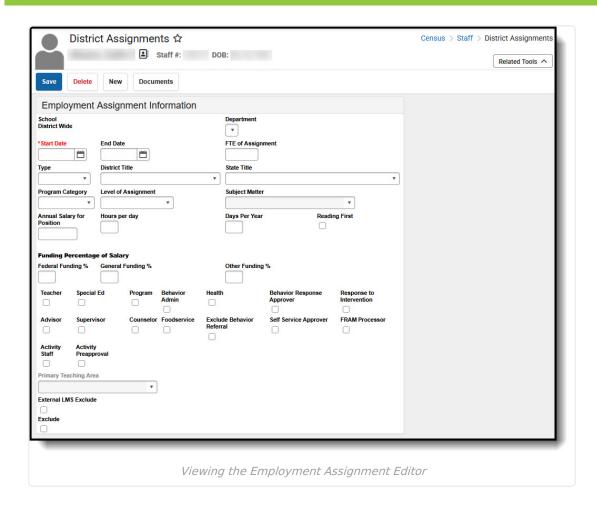

District assignments should be entered for all employed staff members. This record is used as a basis for scheduling teachers, as only active teachers of a selected school (those with a current District Assignment record within the school for the appropriate date range) can be assigned to course sections.

Adding District Assignment Information

The Employment Assignment Information editor contains information on a staff member's district assignment and can be modified as necessary.

- 1. Select the **New** icon from the Action bar, or select an existing assignment record. The **Employment Assignment Information** detail editor appears.
- The School option will be populated with the School selected in the Campus toolbar. If the All Schools option is selected in the Campus toolbar, the field will populate with Districtwide.
- 3. For District Edition entry, select the **Department** in which the person works from the dropdown list. This list is maintained in the <u>Department Setup</u> tool.
- 4. Enter the **FTE of Assignment** (optional).
- 5. Enter the **Start Date** for this employment assignment.

The dates of the District Assignment record must fall within the dates of the <u>District Employment</u> record.

- 6. Select the **Type** of employment.
- 7. Select a **Title** from the dropdown list. Titles are created and maintained in the <u>Attribute/Dictionary</u>.
- 8. Select a **District Title** to indicate the district-level job title of the position.
- 9. Select a **State Title** to indicate the state-level job title of the position. See the <u>State Title List</u>

for available options.

- 10. Select a **Program Category** from the dropdown list.
- 11. Enter the **Level of Assignment** for the staff person.
- 12. Select the staff person's **Subject Matter** area from the dropdown list.
- Enter the Annual Salary for Position, Hours Per Day and Days Per Year for the staff person.
- 14. Mark the **Reading First** checkbox if the employee meets the required qualifications.
- 15. Enter percentage values in the Funding Percentage of Salary fields for the staff member. The numbers entered in the **Federal Funding** %, **General Funding** % and **Other Funding** % fields must equal to a total value of 100.
- 16. Mark the checkboxes applicable to the position. Options include **Special Ed**, **Program**, **Behavior Admin**, **Health**, **Advisor**, **Supervisor**, **Counselor**, **Foodservice**, **Exclude Behavior Referral**, **Self Service Approver**.
- 17. Select the **Supervisor** to whom the staff member reports from the dropdown list.

Staff members who have the **Supervisor** checkbox marked on their District Assignments record will appear in this dropdown list.

18. Click the **Save** icon when finished.

State Titles have School Required, Subject Required, and Level Assignment Required title requirements for how each code is validated within the Staff Assignment Import and how certain fields behave on the Staff Assignment editor.

See the table below for more information about each column:

Column	Description
School Required	 The school requirements for each State Title. This is used on the Staff Assignment detail editor. If the value is Y, the assignment must be school-specific. if the value is N, the assignment must be district-wide (cannot be tied to a specific school). If the value is O, the assignment can be either school or district-specific.
Subject Required	The subject requirements for each State Title. This is used for validation on the Staff Assignment detail editor. • If the value is Y, the Subject Matter is required. • if the value is N, the Subject Matter field is disabled. • If the value is O, the Subject Matter field is optional.
Level Assignment Required	The assignment requirements for each State Title. This is used for validation on the Staff Assignment editor. • If the value is Y, Level of Assignment is required. • if the value is N, Level of Assignment is disabled. • If the value is O, Level of Assignment is optional.

Ending a District Assignment

To indicate that a staff member's existing district assignment record is no longer applicable:

- 1. Enter a date in the **End Date** field.
- 2. Click the **Save** icon when finished.
