The CDC Suspensions and Expulsions extract reports students who have been suspended or expelled as the result of a behavior incident.

- Suspensions are defined by the Nebraska Department of Education as "A disciplinary action that results in the exclusion of a student from the school building for a specified period of time. This includes both long-term and short-term suspensions. Only out of school suspensions are reported."
- Expulsions are defined by the Nebraska Department of Education as "A disciplinary action that results in the exclusion from attendance in all schools within the system in accordance with 79-283."
