

Education Organization Interchange (TSDS) (Texas)

Last Modified on 03/11/2024 8:44 am CDT

[Report Editor](#) | [Report Population:](#) | [XML Elements](#)

The Education Organization interchange provides information about the state education agency, education service centers, local education agencies (school districts and charter schools), and campuses. This data category supports the definition of the education offerings provided by campuses, specifically the courses taught, the sections in each course offered and the class period and location of those sections, and the alternative/supplemental programs offered.

The shared services arrangement (SSA) participation data is also reported for each organization type when applicable.

Courses with the **State Report Exclude option** selected on the Courses tab do NOT report.

Course

Reporting Logic:

- An assigned Primary Teacher (Teacher of Record) with a Role ID of 087 or 047
- A section with rostered, reportable students
- A grading task with the Pass/Fail Indicator Code checked AND a Code of either CG or F

This complex type includes courses taught by Staff members reporting in the Staff Association Interchange due to manual 90 records being in their employment information.

Submission 3 only:

Only students in grades 9-12 will report UNLESS a student in grades 3-8 is taking a course where high school credit is earned.

A course is considered as high school credit if:

the course has a Special Explanation code of J OR the student has a Special Explanation code of J assigned to them in the Roster Batch Edit tool.
