Tool Search: Foster Care

The Foster Care tool indicates whether a student is in Foster Care. A start and end date is associated with each instance of a Foster Care record. These records are not tied to student enrollments or calendars. Fields used in the Foster Care tool specific to Nevada are described below.

> See the core Foster Care article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Foster Care records.

> **State Edition:** To import Foster Care files, confirm that the Federal Programs Publishing tool is properly set up.
