Tool Search: SAAR Report

The R7 - Aggregate Attendance Report contains both the base attendance and adjustment attendance (for days marked as both Instructional and Attendance). Attendance values directly include regular attendance, partial day and all other unadjusted attendance.

Superintendent's Annual Attendance Report (SAAR)

Superintendent's Annual Attendance Report (SAAR) Enrollment Report
 The SAAR provides a summary of each district's attendance data for the entire school year. The Summary report types provide aggregate data suitable for state submission. The Detail report types provide student-level data for verification, analysis and reference.

Report Logic

This report includes over age and under age students. Students meeting any of the following criteria are not reported:

- Students marked "Perkins Only."
- Students marked "State Exclude" on enrollment, calendar or grade.
- Students in grade levels 95, 96, 97, 98 and 99. These grades will not be used in calculations or displayed as line items.

The R7 projects future present days attendance. If the SAAR is run halfway through the year, and the student is enrolled all year, SAAR present days will reflect the entire year and future days will be counted as present days.

R7 Adjustment Aggregate Attendance pulls values from secondary SAAR Records RS, RX and RW:

- The calculation for Half Days/Full Days and Adjustment Aggregate Days Present is the total aggregate adjustment days of Records W, S and X. The calculation for Adjustment Aggregate Days Absent is the total aggregate adjustment days for Records S and X. Detailed calculations are rounded to three decimal places and summed to totals.
- Dual enrolled student attendance is capped so that students cannot receive a value greater than present + absent = 1.0 per day.

Only days marked as both Instructional and Attendance are considered in the attendance calculations.

Generating the Extract

1. Select the desired **Report Type**. Report Selection options vary depending on the Report Type selected.
2. Select the **Extract Format** from the dropdown list.
3. Enter a **Date Range** to review data for one or more school months or select which school months should be included in the report. Leaving the Date Range blank reports the entire year.
4. Mark the **R7 Aggregate Attendance** checkbox.
5. Select the appropriate **Calendars** to include in the report.
6. Select the appropriate **Grade** (or select an **Ad Hoc Filter**)
7. Specify **5 Low Attendance Days** by selecting the **Load 5 Low Att. Days** button (optional).
8. Select **Validation Report** to see if the report has been set up correctly.
9. Select the **Generate Report Button**. The report will appear in a separate window in the specified Extract Format.
