Tool Search: ILPA Contact Log

The ILPA tools are used only in Kentucky.

The ILPA Contact Log records all instances of communication by school personnel regarding a particular student and their counseling needs. This communication can be with the student, their guardians, or others, and could include letters or email, phone calls, and face-to-face meetings.

There are several areas within Student Information that include a Contact Log tool - Counseling, Health, PLP, Response to Intervention (RTI), Special Education, plus several states that have a localized Contact Log for certain tools. In an effort to consolidate and streamline the process of managing communication between the school and students/guardians of students, the [Contact Log in Student Information General](#) is the main hub where all contact log records can be viewed and modified by school personnel who are granted proper tool rights. The ILPA Contact Log functions the same as this new Contact Log.

Submit feedback for the new Contact Log by clicking the **Feedback** button in the bottom right hand corner. This takes you to the [Campus Community Contact Log](#) forum topic where you can add your suggestions for the Contact Log.

Filter Contact Log Records

The Contact Log organizes records by Module (the type of contact log record), Contacted By (who made the contact), Contacted (who was contacted), Contact Type, the date and time the record was saved, and the Details (reason) for the contact.

Contact Log records are sorted first by the Date and Time of the record, with the most recent record displaying first. To display contact log records for only one module, select that module by using the filter option located in the Column Menu which is indicated by 3 dots to the right of each column.

In the example below, the Column Menu is open for the Module column showing the options available.

The screenshot shows the 'Contact Log' interface for a student named Dylan V. Abegg. The interface includes a header with student information and a main table of contact logs. The 'Module' column has a dropdown menu open, showing options like 'Health', 'PLP', 'Special Ed', 'Response to Intervention', and 'Counseling'. The 'Filter' option is highlighted.
