POS Account Messenger Editor

Important Information about This Tool

- To receive Point of Sale messages, contacts must have the Food Service checkbox selected, on the appropriate devices, in Census > Demographics > [Personal Contact Information](#).
- Emancipated Minors who have a non-household Messenger relationship to themselves on the

Census > People > [Relationships](#) tool will receive Point of Sale messages.

- Staff must have a [District Employment](#) record to receive messages.
- Settings in this tool do NOT affect the **Low Lunch Balance** Notification on the Campus Parent Portal.

Send Messages to Staff

- Staff must have a [District Employment](#) record to receive messages.
- To send messages to staff accounts, you must select *Non-Reimb & Adult* in the **Eligibility** column.
- Messages are sent to staff based on their [District Assignment](#) record at the school(s) selected in the filter criteria. If a staff member has multiple District Assignment records and the POS Account Messenger templates are set up to send messages to individual schools or groups of schools, the staff member may receive multiple messages especially if messages are sent from the POS Account Messenger instead of the [POS Account Messenger Scheduler](#).
- If a staff member does not have a District Assignment but does have a District Employment record, you must select *All Schools* in the **School** column.

POS Account Messenger

POS Account Messenger sends Point of Sale account related messages to Messenger filter.

The Template Name and User/Group can be changed after selecting Save or Copy.

500 District Office	09	

CTRL-click or SHIFT-click to select multiple

Filter selections for sending messages to staff

To **exclude** staff from a message, select *Paid*, *Reduced* and *Free* in the **Eligibility** column.

Send Messages to Generic Accounts

To send messages to generic accounts, you must select *Non-Reimb & Adult* in the **Eligibility** column. Generic accounts are defined where no Eligibility is entered, no student enrollment or

District Assignment/District Employment records are entered.

Generic accounts must have a Location School designated on the [Account Info](#) Tab and the School selected. In addition, contact information such as an email and/or phone information must be entered on the Generic Account's Census record on the [Demographics](#) tab and the **General** checkbox must be selected for the appropriate email address and/or phone number.

Create a New POS Account Message Template

Templates allow you to create reusable messages that save time and standardize content.

1. Select the **<New>** option from the Template dropdown list.
Use the [Field Descriptions](#) to complete the POS Account Messenger editor.

Do not copy attribute fields from another [Messenger](#) tool in Campus. The attribute fields are not the same.

- Click the **Save** button at the top message editor.
- Enter a name for the template in the pop-up box. The template will appear in the **Template** dropdown list.

Delete a Template

1. Select the template you want to delete from the Template dropdown list.
2. Click the **Delete** button.
Result
A confirmation message displays.
3. Click the **OK** button.

Result
Campus removes the template and it does not display in the Template dropdown list.

Create and Send POS Account Messenger Messages

1. Select an existing Template from the **Template** dropdown list.
2. Use the [Field Descriptions](#) to complete editor.
3. Click the **Test** button to review the message and its recipients.

Infinite Campus strongly recommends testing messages before delivering them. A message will be sent in the exact manner it will be delivered to recipients. The Test Message screen will confirm that the test message was sent.

- Click the **Preview/Send Message** button.

Result

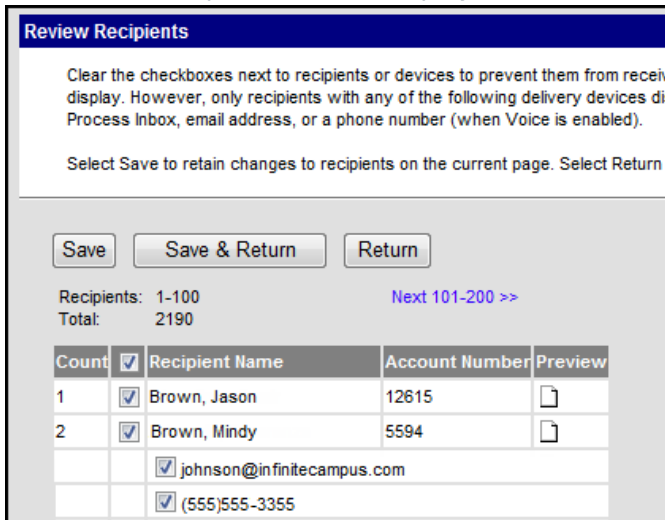

The **Preview Message** screen displays.

- Click the **Review Recipients** button.

Result

The Review Recipients screen displays.

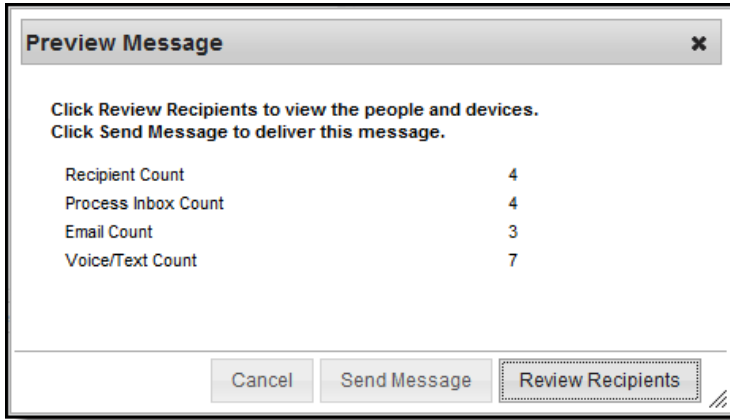

- Complete the following tasks on the Review Recipients screen. (Optional)

Task	Description
To exclude recipients	Clear the checkbox next to a name.
Preview the message	Click the page icon in the Preview column.
To exit and return to the Message Preview screen	Click the Save & Return button if changes have been made to the recipient list. Otherwise, if no changes have been made, click the Cancel button.

- Click the **Send Message** button on the **Preview Message** screen.

Result

The Preview Message screen displays. This screen confirms that the message tasks has been completely set up for delivery at the times entered in the **Send Emails At** and/or **Dial Window** fields of the main Message Builder screen. **This screen does not indicate that the message is currently being sent.**

8. Click **OK**.

Field Descriptions

Field	Description
User/Group	This dropdown list allows you to save message templates to your user account or a user group to which you belong. You must have Tool Rights to User Group Formats under this tool in order to share templates among the groups to which you belong.
Template	This dropdown list displays a list of available templates. To create a new template, select <new> from this list.
School	This field limits message delivery to the selected school(s). The school selected in the Campus toolbar is selected by default.
Grade	This field determines which grade(s) report in the message.
Eligibility	<p>This field limits message delivery to the selected eligibilities.</p> <div style="background-color: #e1f5fe; padding: 10px; margin: 10px 0;"> <p>To send messages to generic accounts, you must select <i>Non-Reimb & Adult</i> in the Eligibility column. Generic accounts are defined where no Eligibility is entered, no student enrollment or District Assignment/District Employment records are entered. See the previous topic Sending Messages to Generic Accounts for more information.</p> </div> <div style="background-color: #e8f5e9; padding: 10px; margin: 10px 0;"> <p>To exclude staff from a message, select <i>Paid, Reduced and Free</i> in the Eligibility column.</p> </div>

Field	Description
Balance	<p>This field limits message delivery to the following accounts:</p> <ul style="list-style-type: none"> • All - Messages will not be limited to accounts based on account balance. • Range (Minimum/Maximum) - Selecting this option limits messages to accounts with balances within the range entered. • Use Account Reminder Setting - Selecting this option limits messages to accounts that have the Reminder Enable checkbox marked on the Account Info tab. Messages are sent to the accounts that have the Reminder Enable checkbox marked and the account balance is at or below the amount entered in the Reminder field on the Account Info tab. If your district has some accounts where the Reminder is enabled and some accounts where the Reminder is not enabled, you should also create a template based on Range.
Account	<p>This field limits message delivery to a specific account status. The account status is indicated on the Account Info tab.</p> <ul style="list-style-type: none"> • All - Indicates messages will go out to all accounts, regardless of Active or Inactive status. • Active - Limits messages to accounts marked as Active. • Inactive - Limits messages to inactive accounts; i.e., the Active checkbox is NOT marked.
Exclude Zero Balances	<p>This field limits message delivery to accounts with a balance other than \$0.00.</p>
Ad Hoc Filter	<p>The Ad Hoc Filter field allows you to limit message delivery to specific recipients. Ad Hoc filters for Student and Census/Staff are available for selection.</p> <p>POS Account Messenger does not look at calendars. When you select an ad hoc filter for a template in POS Account Messenger, the ad hoc filter pulls personIDs for All Years, All Schools and All Calendars. The Ad Hoc filter intersects with the filter criteria on the template and looks for matching personIDs based on School(s) selected in Enrollments, District Assignment/District Employment records or POSIdentification (Location School). Then the criteria selected on the template further filters message recipients by Eligibility selection, active or inactive accounts, etc.</p> <p>The Effective Date is ignored if the personID is pulled in the ad hoc filter and the account has a Location School designated. This allows districts to pull and send messages to generic accounts.</p> <p>Former students or staff may be selected for a message if their account contains a Location School that was never cleared after they left the district.</p>

Field	Description
Effective Date	<p>This field limits message delivery to students or staff who are enrolled or employed with the corresponding eligibility selected on the date entered. Staff member accounts must have a District Employment record for the Effective Date selected when <i>All Schools</i> is selected in the School field. District Employment dates must correspond (overlap) with District Assignment dates when individual schools are selected.</p> <p>If districts use family accounts where patrons are all staff and there are no students, then only active staff on the account as of the Effective Date selected will receive messages.</p> <div style="background-color: #fff9c4; padding: 5px; margin-top: 10px;"> <p>Saved templates will not save selections from this field.</p> </div>
Limit Delivery to Contacts that speak	<p>This field limits message delivery to recipients who have the Preferred Language selected on their Census > People > Demographics tab.</p>
Delivery Devices	<p>Inbox - This option places a note in the parent's inbox on the Campus Parent Portal. Infinite Campus strongly recommends marking this option to ensure delivery to a portal account when no other delivery devices are marked for messages.</p> <p>Email - The Email option sends an email to the email address on record (entered in Census > People > Demographics).</p> <p>Voice - The Voice option calls the guardian's phone number on record (entered in Census > People > Demographics).</p> <p>Text - The Text option sends a text message to the guardian's mobile device. Recipients who have indicated a desire to receive text messages must have the Text (SMS) checkbox marked in the Personal Contact Information editor of the Demographics tab to receive text messages.</p>

Field	Description						
Sender's Email	<p>This field displays the email address that is automatically included in the message body for message recipients to reference.</p> <table border="1" data-bbox="395 353 1423 730"> <thead> <tr> <th data-bbox="395 353 858 495">If the "Use Sender's Email from Census as Sender's Email Address" checkbox is...</th> <th data-bbox="858 353 1423 495">Then this field displays the email address entered in....</th> </tr> </thead> <tbody> <tr> <td data-bbox="395 495 858 595">selected on the Email Settings tab</td> <td data-bbox="858 495 1423 595">Census > People > Demographics > Email</td> </tr> <tr> <td data-bbox="395 595 858 730">NOT selected on the Email Settings tab</td> <td data-bbox="858 595 1423 730">System Administration > Messenger > Messenger Preferences > Email Settings > Default Sender Email Address</td> </tr> </tbody> </table> <p>This field can be changed if the Allow Custom Sender's Email Address checkbox is marked on the Email Settings tab. Message Subject	<p>This field determines the text that will display in the Subject field of the email message.</p>						

Field	Description
<p>Message Body</p>	<p>You can enter comments in the Message Body using the WYSIWYG editor. The WYSIWYG editor allows you to insert Campus attributes. The POS Account Messenger supports the following attributes:</p> <ul style="list-style-type: none"> • POS.recipient.firstname • recipient.lastname • posMessenger.accountNumber • posMessenger.balance • posMessenger.listPatronNames. <div data-bbox="395 629 1422 752" style="background-color: #f8d7da; padding: 10px; margin: 10px 0;"> <p>Do NOT copy attribute fields from another Messenger tool in Campus. The attribute fields are not the same.</p> </div> <p>For more information about using the options available with the editor, see the WYSIWYG Editors article.</p> <p><i>Message Body supports the use of Chinese characters for email messages only.</i></p>
<p>Browse and upload a recorded message</p>	<p>This option allows you to send a voice message. See the article Messenger with Voice - Setup and Details for more information about this feature. You <i>must</i> click the Upload button after browsing for the attachment. When an attachment is properly uploaded, the Attach File message displays on the screen.</p>
<p>Browse and upload an email attachment</p>	<p>This option allows you to add an attachment to the email. See the article the Digital Repository Preferences for information about supported file types and sizes. You <i>must</i> click the Upload button after browsing for the attachment. When an email attachment is properly uploaded, the Attach File message displays on the screen.</p> <div data-bbox="400 1400 965 1534" style="border: 1px solid black; padding: 5px; margin: 10px 0;"> <p>Browse and upload an email attachment</p> <p>P:\Messenger\EmailAttach <input type="button" value="Browse..."/> <input type="button" value="Upload"/> <input type="button" value="remove"/></p> <p>Attach File: 2013-02-13-09-05-34_EmailAttach.txt <input type="button" value="remove"/></p> </div> <p>This option is controlled by an email preference set by the District Administrator and may not display in all districts.</p>

Field	Description
Text Message	<p>The text message to be sent to the student messenger contact's mobile device. The ability to send text messages is controlled by a preference set by the District Administrator.</p> <p>There is a character limit of 400 characters for text messages.</p> <p>In the Campus.1813 Release Pack (March 2018), a 400 character limit restriction was added to Text Messages. Infinite Campus recommends not exceeding 140 characters as this may result in multiple messages being sent to recipients in random order. The maximum length of a text message is set to 400 characters. When a text message reaches this length, a warning message displays indicating such. The message cannot be saved until the character limit is met.</p> <p>Existing text message templates still display in their entirety, but need to be modified to be within this limit before sending.</p> <p>If users wish to stop receiving text messages, they can text STOP to the short code. This results in the user receiving no further text messages from Campus, even if the user has the Text option marked on their Contact Preferences. Users need to go through the opt in process again to start receiving texts at a later date.</p>
Delivery Date	<p>The day on which the message should be sent.</p>
Send Inbox/Emails at	<p>The time inbox and/or email messages will begin to be delivered.</p> <p>The time will save with the templates. If you want messages to always go out immediately after Send is selected, the template should be saved with this field blank.</p>

Field	Description
Dial Window	<p>These fields create a dialing window during which a voice message may be sent. The default values for these fields are set up on the Voice Settings tab (System Administration > Messenger > Messenger Preferences > Voice Settings).</p> <p>Dial Window times must be entered and will save with templates. If the start time entered on the message is earlier than the start time on the template (and the start time on the template is after the start time entered on the Voice Settings tab), Messenger uses the start time on the template and will not send the message until that time is reached.</p> <p>If the end time on the Dial Window is earlier than the end time entered on the Voice Settings tab, calls will not stop. Instead, they will continue until the end time on the Voice Settings tab is reached. In addition, if a voice message is still delivering when the District end time is reached, message delivery will be stopped and will not be completed.</p>

Campus Fields and Sub-Reports for POS Account Messenger

Campus Fields and Sub-Reports include specific fields for use in the Message Body WYSIWYG. These fields are designed to pull the latest qualifying event, based on filter criteria. Other fields are available but they use ad hoc logic and may not return the most recent event data if there are multiple events in a year.

Any ad hoc fields that have been deactivated display in red. Use the [Element Replacement](#) tool to locate deactivated elements and replace them with the new field.

Campus Fields can also be added to Text Messages. Sub-Reports cannot be added to Text Messages.

The screenshot displays the Infinite Campus messaging interface. At the top, there are checkboxes for delivery devices: Inbox, Email, Voice, and Text. Below this, the 'Sender's Email' field contains 'test@campjus.com' and the 'Caller ID' field is empty. The 'Message Subject' field is also empty. The 'Message Body' area features a rich text editor toolbar with icons for bold (B), italic (I), underline (U), bulleted list, numbered list, indent, outdent, link, unlink, undo, redo, and text color. The 'F' and 'S' icons in the toolbar are highlighted with a red box. An 'Insert Campus Field' dialog box is open, titled 'Insert Campus Field' with a close button (X) in the top right corner. The dialog contains the text 'Select The Field To Insert' and two expandable sections: 'Messenger Recipient' with sub-items 'firstName' and 'lastName', and 'POS Messenger' with sub-items 'listPatronNames', 'balance', and 'accountNumber'. At the bottom of the dialog is a 'Close' button. In the background, the 'Record a Message' section includes a 'Record a Message' button, a file upload area with a 'Browse...' button and 'No file selected.' text, and an 'Upload' button. The 'Text Message' section includes a note: 'Infinite Campus recommends not exceeding 140 characters as this may result in multiple messages sent to recipients in random order.'

POS Account Messenger Campus Fields Selection

The screenshot displays the Infinite Campus messaging interface. At the top, there are delivery device checkboxes for Inbox, Email, Voice, and Text. Below this, the sender's email is set to 'test@campjus.com' and the caller ID is '(651)631-0000'. The message subject and body fields are visible. A toolbar above the message body includes various formatting options, with the 'Sub-Report' icon (a green square with a white 'S') highlighted by a red box. An 'Insert Sub-Report' dialog box is open, showing a dropdown menu for 'Point of Sale' with 'POS Account Balance' selected. The dialog box has a 'Close' button at the bottom right. Below the dialog box, the text 'POS Account Messenger Sub-Reports Selection' is visible.

When using sub-reports in letters, please note the following.

- A field only displays if there is data for that field. If a field is chosen from the sub-report but there is no saved data for that student, information for that field does not display.
- A sub-report option only displays if the district/school records that data.
