Tool Search: Person Documents

The **Person Documents** tool allows you to view all documents associated with a specific person regardless of the tool on which they were first uploaded.

To filter the list of documents, enter or select a value below the column header. Only documents containing that value are shown.

The screenshot shows the 'Person Documents' interface for a user named 'Student, Maggie'. It includes a header with navigation links (Census > People > Person Documents) and a 'Related Tools' button. Below the header is an 'Upload Document' button. The main section is titled 'Document List' and contains a table with columns: Date Uploaded, Name, File Description, Campus Tool, and File Size. A single document is listed: 'Photo Release Form' uploaded on '04/28/2021 10:38 AM' to 'Person Documents (default)' with a size of '0.29 MB'. There are also search filters below the column headers.

Date Uploaded	Name	File Description	Campus Tool	File Size
04/28/2021 10:38 AM	Photo Release Form		Person Documents (default)	0.29 MB
