[State Reporting Graduation Fields](#) | [State Seal Information](#)

The Graduation tool provides districts with the ability to track graduation information used in state reporting, AYP (Average Yearly Progress) determinations, and NCLB (No Child Left Behind) cohort years. Districts can track when a student first entered ninth grade and calculate their expected graduation date.

The information provided below is specific to New Hampshire graduation logic. For information on the General Graduation fields, refer to the main [Graduation](#) article, which includes information on tool rights and Ad hoc Reporting information.
