Tool Search: Graduation

State Reporting Graduation Fields | State Seal Information

The Graduation tool provides districts with the ability to track graduation information used in state reporting, AYP (Average Yearly Progress) determinations, and NCLB (No Child Left Behind) cohort years. Districts can track when a student first entered ninth grade and calculate their expected graduation date.

The information provided below is specific to New Hampshire graduation logic. For information on the General Graduation fields, refer to the main Graduation article, which includes information on tool rights and Ad hoc Reporting information.

Graduation Detail Editor

State Reporting Graduation Fields

Original Grad Year

Represents the original year the student is expected to graduate (four years after the student is promoted from 8th grade to 9th grade).

Database Location:

Graduation.gradYear
