Tool Search: ASES Report

The ASES (After School Education and Safety) Report includes student data and attendance information for after school education programs. State student attendance rules apply, as follows:

- The student must be present at least one instructional attendance taking period in the day that is marked Attendance and Instructional (on the Calendar Days).
- Days are summed to a total and reported in the Days Attended Regular School field. For Report Range Semi-Annual 1, attendance from July 1 to December 31 calculates. For Report Range Semi-Annual 2, attendance from January 1 to June 30 calculates.

Report Logic

Student Population

All students in the school report.

Students are not included in the report when:

- Their enrollment is marked as State Exclude or No Show.
- They are enrolled in a calendar marked as State Exclude.
- Their grade level of enrollment is marked as State Exclude.

Course Population

Only students in ASES courses report data in the ASES course columns, populated on the Course Editor.

ASES Courses have the Type field selected as one of the following:

- A1 - Before School Base
- A2 - After School Base
- A3 - Before School Supplemental
- A4 - 3-hour After School Supplemental
- A5 - 6-hour After School Supplemental

Courses marked as ASES Not Funded report as 999.

Course Editor Fields for ASES Reporting

Report Editor

Field	Description
Report Range	Determines for which part of the year attendance calculates. <ul style="list-style-type: none"> Semi-Annual 1 reports attendance information from July 1 to December 31. Semi-Annual 2 reports attendance information from January 1 to June 30. Date Range reports attendance information from the entered start date through the entered end date.
Format	Indicates how the report displays - in CSV format or HTML format.
Ad hoc Filter	Select which students to include in the extract by choosing a filter that was created in the Filter Designer. When a filter is selected, only those students included in the filter are included in the report. This is optional. Students can also be selected by grade level. Or choose both a grade level and an ad hoc filter.
Grade Selector	When a grade level is selected, only those students in that grade level are included in the report. This is optional. Students can also be selected by an Ad hoc Filter. Or choose both a grade level and an ad hoc filter.
Calendar Selection	Select the calendar of enrollment from which to pull student data. Calendars can be chosen by the active year, by the school name or by the year.
Report Generation	Choose the Generate Extract to display the results of the chosen items immediately. Choose the Submit to Batch option to generate the report at a specified time. This option is helpful when generating large amounts of data.

Generate the Report

1. Select the desired **Report Range**.
2. Select the desired **Format**.
3. Select students to include in the report by choosing an **Ad hoc Filter** or a **Grade Level**, or both.
4. Select the desired **Calendars**.
5. Click the **Generate Report** button to display the report immediately. Or choose the **Submit to Batch** button to select when the report generates.
