The ASES (After School Education and Safety) Report includes student data and attendance information for after-school education programs. State student attendance rules apply as follows:

- The student must be present for at least one instructional attendance-taking period on the day marked Attendance and Instructional (on the Calendar Days).
- Days are totaled and reported in the Days Attended Regular School field. For Report Range Semi-Annual 1, attendance from July 1 to December 31 is calculated. For Report Range Semi-Annual 2, attendance from January 1 to June 30 is calculated.
