**Classic View:** KS State Reporting > Collection Extracts > ENRL: Funding and Enrollment

**Search Terms:** Collection Extract

The KIDS Collection ENRL Extract reports enrollment and program participation information on students. This data is used to populate sections of the Principal's Building Report (PBR) and the Superintendent's Organizational Report (SO66).

The screenshot shows the 'Collection Extract' tool interface. At the top, there's a search bar and a navigation menu. The main heading is 'Collection Extract' with a star icon. Below it, a breadcrumb trail shows 'Reporting > KS State Reporting > Collection Extract'. A blue banner for 'KS Collection System' contains instructions: 'This tool will extract data to complete the KS State-defined collection reporting extract. Enter the same data filter start and end date to take a snapshot file, otherwise using the data filter start and end dates will let you extract records that have had an enrollment start or end within that range. The Reporting Start/End dates are for display on the extract and pass-through directly. Choose the State Format to get the file in the state defined file format, otherwise choose one of the several testing/debugging formats. For Assessment Information Type, you may select one or multiple grade by state code for the extract.'

The interface is divided into two main sections: 'Extract Options' and 'Select Calendars'. In 'Extract Options', the 'Extract Type' is set to 'ENRL: Funding and Enrollment'. Other options include 'Data filter From Date' (08/12/2020), 'Assessment Disaggregation Method 1', 'Assessment Disaggregation Method 2', 'Students w/o stateIDs' (unchecked), 'Ad Hoc Filter' (01), 'File Revision Number' (01), 'Select Grades By State Code (TEST only)' (All Grades), 'Format' (State Format(Tab Delimited)), and 'Records Limit Per File (Batch only)' (20000). There are buttons for 'Generate Report' and 'Submit to Batch'. The 'Select Calendars' section has radio buttons for 'active year', 'list by school', and 'list by year'. A dropdown menu shows a list of schools for the 19-20 school year, including Abbott Elementary, Bryant Elementary, Colfax Middle, Dupont Middle, Emerson High, and Franklin High. Below this, there's a 'Select Test Types (TEST ONLY)' section with a dropdown for 'All Assessment Types' and a list of assessment types: Math, ELA, Science, History/Gov, General CTE, End of Pathways, and KELPA Exam. At the bottom, there's a 'Batch Queue List' table with columns for 'Queued Time', 'Report Title', 'Status', and 'Download'. The table is currently empty.

## Report Logic

This extract only reports enrollment records that are active within the Reporting Range entered on the Extract Editor (Data Filter From Date, Data Filter To Date). When the Enrollment Start Date or Enrollment End Date fall on the day of the reporting range (Data Filter From Date and Data Filter To Date is the same), the enrollment is included.

One record per enrolled student reports from the selected calendar for the entered Reporting Range.

Students do not report when:

- The Enrollment record is marked as State Exclude or No Show.
- The Calendar of Enrollment is marked as State Exclude.
- The Grade Level of Enrollment is marked as State Exclude.

Records are generated for all students who are active based on the September 20 rule for enrollment and attendance, which states the student must be enrolled and present on September 20. When the student is absent on September 20, the student must have attended once before September 20 and once after September 20, but on or before October 4.

- Foreign exchange students are only included in state aid funding when they are enrolled for at least one semester or two quarters.
- Virtual education students are included when enrolled and attended on or before September 19 and one day on or after September 20 but not on or before October 4.
- Alternative school students must be enrolled on September 20 and meet one of the following criteria:
  - Attended on September 20 and one other day either before September 20 or after September 20, but not on or before October 4.
  - Attended one day before September 20 and one day after September 20 and on or before October 4.

See the [KIDS Collection Extracts](#) article for general reporting logic, report editor descriptions and sample report formats.

## Generate the Report

1. Select the **ENRL: Funding and Enrollment** from the **Extract Type** dropdown list.
2. Enter a **Data Filter From Date**, if desired.
3. Enter a **Data Filter To Date**, if desired.
4. Select the **Assessment Disaggregation Method 1** option, if desired.
5. Select the **Assessment Disaggregation Method 2** option, if desired.
6. Mark the **Students without State IDs** checkbox, if desired.
7. Mark the **Social Security Number Optional**, if desired.
8. Select an **Ad hoc Filter**, if desired.
9. Select the appropriate **Format** for the extract.
10. If generating the extract in the **State Format (tab delimited)**, enter the [Records Limit Per File](#) number.
11. Select the **Calendars** to include in the extract.
12. Click the **Generate Report** button. The report displays in the selected format.
