Tool Search: Enrollment Census

The Dual Language Extract collects program data on students enrolled in a dual language program.

The screenshot shows the 'Enrollment Census' tool interface. At the top, there is a search bar labeled 'Search for a tool or student'. Below the search bar, the title 'Enrollment Census' is displayed with a star icon. Underneath the title, the path 'Reporting > RI State Reporting > Enrollment Census' is shown. A blue header bar contains the text 'RI Enrollment Census'. A message box states: 'This tool will extract data to complete several formats of the RI state-defined reporting formats. Attendance Report: It is recommended to use a Date Range less than 30 days when generating this extract.' On the left, there is a 'Extract Options' section with dropdown menus for 'Extract Type' (set to 'Dual Language'), 'Effective Date' (set to '03/17/2020'), 'Format' (set to 'CSV'), and a checkbox for 'Report Legal Identities'. Below these options is a 'Generate Extract' button. To the right of the options is a 'Select Calendars' section containing a list of schools: '19-20 ABBOTT ELEMENTARY', '19-20 BRYANT ELEMENTARY', '19-20 COLFAX MIDDLE', '19-20 DUPONT MIDDLE', '19-20 EMERSON HIGH', and '19-20 FRANKLIN HIGH'. A note at the bottom of this list says 'CTRL-click and SHIFT-click for multiple'.

Eligibility Start Date Eligibility End Date

Student Flags - Dual Language Program Options

The Program Start Date must be on or after the Effective Date entered on the Extract.

Any student who is assigned an Enrollment Status of **W (Summer Withdrawal)** is not included.

Generate the Dual Language Extract

1. Select **Dual Language** from the **Extract Type** dropdown list.
2. Enter an **Effective Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date.
3. Select the **Format** in which the report should generate. Options are CSV and HTML.
4. If the student's legal name and gender information should report from the Protected Identity Information area, mark the **Report Legal Identities** checkbox.
5. Click **Generate Extract** to generate the report.
