

Step 4. Verify Applications (FRAM)

Last Modified on 05/14/2025 10:13 am CDT

Tool Search: Verification

The FRAM Verification tool helps districts complete the required, yearly process of verifying a percentage of approved, free/reduced applications. Applications with the status **No Response** should NOT be verified.

Applications are verified when an application signer submits the documentation requested through the verification process (usually in response to the 1st or 2nd Pre-Notice letter). A list of verified, pending, and replaced applications appears in the Free/Reduced Verification Status Detail area.

If...	Then...
the household responded that they " do not want to participate any more "	<ol style="list-style-type: none"> 1. Click View. 2. Click Verify. 3. Change the Effective Date to be 10 days out in Step 2. 4. Click Next. 5. Select the Override Status of <i>Paid in Step 3</i>. 6. Enter "Does not want to participate in the program" in the Override Reason text box.
the local SNAP office has verified that a household DID NOT receive SNAP benefits	<ol style="list-style-type: none"> 1. Select the Override Status of <i>Paid in Step 3</i> and process the application. 2. If the household provided income information then a new application can be submitted for the household for eligibility based on income. Either by copying the original app or creating a new one. 3. Make sure all paperwork is kept on file in the event that the auditor needs to know what happened.

Applications may be verified more than one time.

1. Click **View** in the Action cloumn.
2. Click **Verify**.

3. Add the **Effective Date**. If the application has changed, the Effective Date is the date the changes will go into effect. If there is a reduction in benefits requiring a 10-day notice of adverse action, the Effective Date must be adjusted.
4. Verify/adjust the **Expiration Date**.
5. Compare the existing data with the data that the application signer submitted.

If...	Then..
No discrepancies are found during the verification	Process the verification as is.
Discrepancies are found during the verification	Make adjustments to the application on this screen then process the verification. This screen allows you to complete the following tasks: <ul style="list-style-type: none"> ◦ Remove students and/or household members. ◦ Adjust income levels. ◦ Update student information. ◦ Add students and household members using the Add Student from Census button, Add Person from Census, or the Quick Add button.
You want to exit without completing the verification	Click the Cancel and Leave to exit the editor. Changes will not be saved.

6. Click **Next**.
7. Click **Process** to save the verification. A Print notification will appear asking to print the Post Notice Letter.

Result

The Verification screen reappears. The newly verified application is listed in the Verified Applications editor, below the remaining pending applications, at the bottom of the screen. The eligibility value in the **Verification Status** column is updated, and the current date is auto-populated in the **Process Date** and **Effective Date** columns.
