Tool Search: ISBE Extracts

The ISBE Monthly Attendance Extract reports attendance data for all students enrolled in the selected calendar within the selected school months.

Users can generate the [Monthly Attendance Layout](#) or an [Attendance Data Validation Details Layout](#), which is used to validate attendance data for each student included in the extract.

In the [Campus.2104 Release \(January 2021\)](#), the [ISBE Student Attendance Extract](#) was released, which reports the same information as the Monthly Attendance Extract, but includes calculations for E-Learning, Remote Learning and In-Person Instruction.

At this time, both extracts can be submitted.

ISBE Monthly Attendance Extract

Report Logic

One record for each month reports for each student enrolled and scheduled into instructional periods. Enrollments with Service Types of Primary, Partial and Special Ed (reported in that order when a student has multiple enrollments with different service types) are included. See the Enrollment Type section below for specific calculation details.

Attendance reports by month. If three months are selected, a student has three records reported, one for each month).

Students are not included when:

- A student is not scheduled into instructional periods.
- Enrollment record is marked as State Exclude or No Show.
- Grade Level of enrollment is marked as Exclude from State Reporting.
- Calendar of enrollment is marked as State Exclude.

Attendance Logic

▶ [Click here to expand...](#)

Enrollment Type of P (Primary) or N (Special ED)

Regular Schedule:

- Scheduling & Courses > Calendar Setup > Period Setup > Regular Schedule
- If a student attends a portion of any instructional period, they must receive credit for attending the full period

Minutes Present: Any minutes where there is no attendance code or an attendance code tied to an excuse of exempt. In order for minutes to be deducted the status *must* be Absent and excuse must *not* be Exempt.

Grade Level	Minutes Present	Attendance	Absent
Grades 01	240 or more	1	0
Grades 01	120-239	.5	.5
Grades 01	0-119	0	1
Grades 2-12	300 or more	1	0
Grades 2-12	150-299	.5	.5
Grades 2-12	0-149	0	1

Block Schedule

- Scheduling & Courses > Calendar Setup > Period Setup > Regular Schedule is not marked
- Students only receive credit for the minutes they are actually in class.

Minutes Present: Any minutes where there is no attendance code or an attendance code tied to an excuse of exempt. In order for minutes to be deducted, the status *must* be Absent and the excuse must *not* be Exempt.

Grade Level	Minutes Present	Attendance	Absent
Grades 01	240 or more	1	0
Grades 01	120-239	.5	.5
Grades 01	0-119	0	1
Preschool (full day)	60 or more	1	0
Preschool (full day)	0-59	0	1
Kindergarten	120 or more	1	0

Grade Level	Minutes Present	Attendance	Absent
kindergarten	0-119	0	1
Grades 2-12	300 or more	1	0
Grades 2-12	150-299	.5	.5
Grades 2-12	0-149	0	1

Students with a Partial Enrollment Type:

Partial Attendance

For enrollments with a Service Type of Partial, the daily presence value is calculated according to the sum of the period minutes per day.

- If it is a regular period schedule and there are any present minutes on the attendance event then the absence is not counted.
- If a block period schedule then it is the period minutes minus the present minutes.

Partial presence is then recalculated based on the ratios in the following table.

Minutes Present	Attendance/Membership
240 or more	1
201-239	5/6
160-200	2/3
120-159	.5
80-119	1/3
40-79	1/6
0-39	0

The attendance totals are then summed for the schedule structure. If the student is enrolled in schedule structure A and schedule structure A is 20 days, the calculation would look at each individual day to determine the presence minutes, then sum all 20 days.

Partial Membership

Partial membership is the sum of the minutes of the scheduled periods in a day (the number of minutes the student is scheduled). Partial membership is recalculated based on the ratios in the table below.

Minutes Present	Attendance/Membership
240 or more	1
201-239	5/6
160-200	2/3
120-159	.5
80-119	1/3
40-79	1/6
0-39	0

The partial membership becomes the sum of the partial membership values from the student's schedule structure. If the student is enrolled in schedule structure A and schedule structure A is 20 days, the calculation would look at each individual day to determine the membership, then sum all 20 days.

Absent Days

The calculation for Absent Days is the Membership Value minus the Attendance Days value.

Homebound Students

This calculation is used for students considered homebound, where the Homebound field on the Enrollment record is marked (Student Information > General > Enrollments > Homebound).

Minutes Present	Attendance	Absence
240 or more	1	0
60-239	.5	.5
59 or Less	0	1

Actual Attendance Calculation

The calculation for Days Present, Excused Absences and Unexcused absences follows these definitions **when the Use Whole/Half Day checkbox is NOT marked on the Extract editor** .

Term	Calculation/Definition
Instructional Period	A Calendar Period where the Non-Instructional checkbox is not marked.
Scheduled Day	A Calendar Day where the Instructional checkbox is marked AND Attendance checkbox is marked, in which the student has at least one <i>Instructional Period</i> scheduled.

Term	Calculation/Definition
Minutes Scheduled	The sum of the minutes the student has scheduled in <i>Instructional Periods</i> minus Lunch Minutes within a <i>Scheduled Day</i> .
Minutes Absent	The difference of <i>Minutes Scheduled</i> minus the sum of all <i>Instructional Periods</i> where attendance Status = Absent less Present Minutes .
Minutes Present	The difference of <i>Minutes Scheduled</i> minus <i>Minutes Absent</i> .
Minutes Absent Excused	The difference of <i>Minutes Scheduled</i> minus the sum of all <i>Instructional Periods</i> where attendance Status = Absent AND Excuse = Excused less Present Minutes .
Minutes Absent Unexcused	The difference of <i>Minutes Scheduled</i> minus the sum of all <i>Instructional Periods</i> where attendance Status = Absent AND Excuse = Unexcused less Present Minutes .
Present Day	The quotient of <i>Minutes Present</i> divided by <i>Minutes Scheduled</i> .
Absent Excused Day	The quotient of <i>Minutes Absent Excused</i> divided by <i>Minutes Scheduled</i> .
Absent Unexcused Day	The quotient of <i>Minutes Absent Unexcused</i> divided by <i>Minutes Scheduled</i> .

Whole Day/Half Day Attendance

Whole Day/Half Day Attendance (used when the **Whole/Half Day checkbox IS marked on the Extract editor**) looks to the student's scheduled minutes for the day. If the student is scheduled with instructional minutes for any part of the day, that counts as an entire day. There is not a partial day count for any student.

- Students must be absent all instructional minutes to be absent one day.
- Students must be absent half the scheduled minutes up to the full day minus one minute to be absent .5 of the day.
- Present minutes are included in the calculation.

Report Editor

The following fields are available for selection.

Field	Description
Extract Type	Selection determines the extract that is generated. For this instance, select the Monthly Attendance V2 option.
File Identifier	Indicates the number attached to the end of the file name and is used to differentiate the file from other files generated.

Attendance Data Validation Details

The Attendance Data Validation Details report returns a total count of period minutes by date and attendance code for students in the selected grade levels. This report can be used to validate a student's attendance minutes prior to submitting the Monthly Attendance Layout or the Student Attendance Layout to the state.

Refer to the [Attendance Logic](#) for additional guidance.

Use this Validation report to assist with troubleshooting attendance calculations you feel are in error. Comparing the results of the Monthly Attendance Extract and/or Student Attendance Extract with the results of the Validation report, attendance issues can be corrected before submitting information to the state.

If there are concerns with the results, contact Campus Support and include the CSV output.

A record reports for each school day included in the validation, meaning one student displays multiple times on the report - one for each school day in which they were enrolled.

A school month does not need to be selected; only the **Validation Start and End Date** fields need to be populated, along with the selection of the **Show Data Validation Details**. A range of dates can be added, up to a total of 30 days; or, enter the same date in the Start Date and End fields to see data for just that one day. Any range of dates can be entered - March 1 to March 31, or April 15 to May 14, etc., as long as it is no more than 30 days.

The screenshot shows the 'ISBE Extracts' tool interface. The 'Extract Options' section is highlighted with a red box, indicating the fields for data validation details. The 'Show Data Validation Details' checkbox is checked. The 'Validation Data Start Date' is set to 01/01/2012 and the 'Validation Data End Date' is set to 01/31/2021. Other options include 'Extract Type' (Monthly Attendance V2), 'File Identifier' (001), 'Students w/o stateIDs' (unchecked), 'Strip Apostrophes' (unchecked), 'Use Whole/Half Day' (unchecked), 'Report Protected Identities' (unchecked), 'Format' (State Format (Comma Delimited)), and 'Ad Hoc' (dropdown). The 'Select School Months' section shows a list of months from August to December, with August selected. The 'Choose Grades' section shows 'All Grades' selected. The 'Generate Extract' and 'Submit to Batch' buttons are visible. The bottom of the interface shows a 'Batch Queue List' table with columns for 'Queued Time', 'Report Title', 'Status', and 'Download'.
