Report Logic

- This extract reports all student's with an enrollment on or prior to the Effective Date selected on the extract editor.
- Students are NOT included if their enrollment is marked as State Exclude.
- The 04 Year End Official Collection includes a second line of data with next year's info for all promoted students that are expected to remain in school next year. When the End Action is P, the second line includes the following data: GRADE, GRADEBEGIN, GRADEEND (reports blank),

and SY (reports the current reporting year).

- Multiple records report if the student has two or more ENORGIDs in a Supervisory Union or District.

Report Editor

Field	Description
Submission Code for File Name	The report naming convention based on the submission time frame of the report.
Extract Type	5 PS Grade Prog
Effective Date	The date from which data is pulled for the report.
Format	Determines the format for the report. Use State Submission when submitting the final data. Use HTML for data review and testing.
Select Calendars	The calendar(s) from which data is pulled for the report. This option is only available when you select <i>HTML</i> for the File Format and can assist you with verifying data for individual calendars.
Generate Report Submit to Batch	Users have the option of submitting the report request to the batch queue by clicking Submit to Batch instead of Generate Extract . This process allows larger reports to generate in the background without disrupting the use of Campus.
